**DECLARATION OF SHARON LEE IN SUPPORT OF
PETITION FOR *INTER PARTES* REVIEW OF
UNITED STATES PATENT NO. 7,149,511**

I, Sharon Lee, make the following Declaration pursuant to 28 U.S.C § 1746:

1. I am an attorney at the law firm of Ropes & Gray LLP.

2. I provide this Declaration in connection with the above-identified *Inter Partes* Review proceeding that is being requested at the United States Patent and Trademark Office by Samsung Electronics Co., Ltd., Samsung Electronics America, Inc., and Apple Inc. under 35 U.S.C. §§ 311-319, 37 C.F.R. § 42. Unless otherwise stated, the facts stated in this Declaration are based on my personal knowledge.

3. Exhibit 1008 hereto is a true and correct copy of excerpts from “The Authoritative Dictionary of IEEE Standards Terms, Seventh Edition,” which was published by Standards Information Network IEEE Press in 2000 and was obtained from the library at Weil, Gotshal & Manges LLP’s Washington, D.C. office and David DesRosier, counsel for Petitioner Apple Inc. on February 10, 2016. An exhibit label on the first page and page numbers on all pages have been added to the bottom of this document and highlighting has been added to this document but no other alterations have been made.

4. Exhibit 1028 hereto is a true and correct copy of Rosetta-Wireless Corporation’s Local Patent Rule 2.2 Initial Infringement Contentions in *Rosetta-Wireless Corp. v. Samsung Elecs. Co. Ltd. et al.*, No. 1:15-cv-10605 (E.D. Tex.), dated January 20, 2016, which I received via e-mail on January 20, 2016 from

Travis Anderson-Hamilton, Business Development Analyst at Kobre & Kim LLP, which is counsel for Rosetta-Wireless Corporation in the aforementioned case. An exhibit label on the first page and page numbers on all pages have been added to the bottom of this document but no other alterations have been made.

5. Attached to Exhibit 1029 hereto as Exhibit D is a true and correct copy of a letter from David Valentine-Elam of OCLC, which I received via e-mail on February 3, 2016 from Jois Henry, staff member in OCLC's legal department. Page numbers on all pages have been added to the bottom of this document but no other alterations have been made.

6. Attached to Exhibit 1029 hereto as Exhibit E is a true and correct copy of the OCLC FirstSearch record for "Windows CE Developer's Handbook" by Terence Goggin, which was retrieved at my direction from OCLC FirstSearch on February 2, 2016. Page numbers on all pages have been added to the bottom of this document but no other alterations have been made.

7. Attached to Exhibit 1029 hereto as Exhibit F is a true and correct copy of excerpts of the publication "Windows CE Developer's Handbook" by Terence A. Goggin, which was published by Sybex Inc. in 1999 and obtained from the George Mason University Library at my direction and which was copied at my direction on or about February 7, 2016. Page numbers on all pages have been added to the bottom of this document but no other alterations have been made.

8. Attached to Exhibit 1029 hereto as Exhibit H are excerpts of a true and correct copy of the publication “*Essential Windows CE Application Programming*” by Robert Burdick, which was published by John Wiley & Sons, Inc. in 1999 and obtained from the Library of Congress at my direction and which was copied at my direction on or about February 8, 2016. Page numbers on all pages have been added to the bottom of this document but no other alterations have been made.

9. Attached to Exhibit 1029 hereto as Exhibit J is a true and correct copy of the OCLC FirstSearch record for “*Essential Windows CE Application Programming*” by Robert Burdick, which was retrieved at my direction from OCLC FirstSearch on February 2, 2016. Page numbers on all pages have been added to the bottom of this document but no other alterations have been made.

10. Attached to Exhibit 1029 hereto as Exhibit L are excerpts of a true and correct copy of the publication “*Essential Windows CE Application Programming*” by Robert Burdick, which was published by John Wiley & Sons, Inc. in 1999 and obtained from the North Carolina State University Library at my direction and which was copied at my direction on February 8, 2016. Page numbers on all pages have been added to the bottom of this document but no other alterations have been made.

11. Attached to Exhibit 1029 hereto as Exhibit O is a true and correct copy of the OCLC FirstSearch record for “Programming Microsoft Windows CE” by Douglas M. Boling, which was retrieved at my direction from OCLC FirstSearch on February 2, 2016. Page numbers on all pages have been added to the bottom of this document but no other alterations have been made.

12. Exhibit 1030 hereto is a true and correct copy of the publication “Windows CE Developer’s Handbook” by Terence A. Goggin, which was published by Sybex Inc. in 1999 and obtained from the Library of Congress at my direction and which was copied at my direction on or about February 8, 2016. An exhibit label on the first page and page numbers on all pages have been added to the bottom of this document but no other alterations have been made.

13. Exhibit 1031 hereto is a true and correct copy of the publication “*Essential Windows CE Application Programming*” by Robert Burdick, which was published by John Wiley & Sons, Inc. in 1999 and obtained from the George Mason University Library at my direction and which was copied at my direction on or about February 7, 2016. An exhibit label on the first page and page numbers on all pages have been added to the bottom of this document but no other alterations have been made.

14. Exhibit 1032 hereto is a true and correct copy of the publication “Programming Microsoft Windows CE” by Douglas Boling, which was published

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
