Video Add-Ons for Extra Enjoyment and Convenience

Stabilizer/RF Modulator for a Steady Picture From Your VCR

- Eliminates "Roll and Jitter" From Pre-recorded Videotapes
- Audio and Video Outputs for Adding A Second VCR to Your System

5995

Simply connect between your TV and video cassette recorder to get rid of annoying picture roll on pre-recorded movies. Adjust the lock control until the picture steadies, then leave it in that position for the remainder of the tape—no other adjustments required. You can also use it to adapt your TV receiver to accept direct video and audio inputs from any video component—add an image enhancer to improve tape playback and off-the-air viewing, or connect your camera, portable VCR or computer directly to your TV. Switchable Ch. 3/Ch. 4 output. Brushed aluminum case. 2 x 8 1/2 x 9 1/2". U.L. listed AC operation. 15-1271 59.95

You'll Love It!
The Solution to Video Confusion,
And a Must for Any Video System!

- Switch Between Up to Five Video Inputs
- Outputs for Up to Two TV Sets And/Or Video Tape Recorders

No more disconnecting and reconnecting cables every time you want to switch video components! Connect a TV antenna, cable TV, a TRS-80 or other computer, video game, VCR, plus a video disc player or Pay-TV. Direct the input you select to TV set for viewing and/or VCR for taping. TV and VCR outputs, inputs for antenna, CABLE, VCR, Aux-1 and 2. Simulated walnut finish. 2 x 8 1/2 x 4 1/2". 15-1261 39.95

Low-Cost Cable Converter for Added Versatility

- Receive All Cable Channels on UHF
- Record One Channel While Watching Another
- Restores Full Remote Control Capability

4995

Get the most out of your cable system! Get clear reception of the mid and super-band channels used by many cable companies, and record and view mid and super-band channels simultaneously! And, since all channel switching is done using your TV, you can retain remote control functions! Converts mid and super-band channels to UHF, feeds them to UHF tuner of TV and/or VCR. Converts up to 36 channels: VHF 2 through 13, mid-band A through I, super-band J through X. No controls to adjust. 1 1/2 x 5 1/4 x 3 1/4". U.L. listed AC operation. 15-1260 49.95

SIXTY-THREE YEARS
OF BRINGING
HIGH TECHNOLOGY

FROM THE LABORATORY
TO THE LIVING ROOM
AFFORDABLY

Better Living Begins at America's High-Tech Electronics Store

This year we've got more exciting products for you than ever, and the picture shows a sampling. Our new TRS-80 Model 100 Portable Computer has five built-in "make" programs for a real break-through in user friendliness. Our popular \$1,300 Cordless Phone now has twice the range and costs you \$26 less than last year. For music lovers, there's our new Realistic STA-2020 Receiver

with amazing Stereo Expander, LAB-2100 Turntable with microprocessor-controlled speed-tracking arm, SGT-42 Deck with auto-reverse and programmable memory, and space-saving T-100 Tower Speakers. As usual, you'll find hundreds of new items and over 300 reduced prices for 1984. No wonder millions of Americans regularly shop Radio Shack for the latest in affordable electronics.

1984 CATALOG NUMBER 387 • INDEX & PRICE 97

EXPAND THE CAPABILITIES OF YOUR VIDEO SYSTEM

Video Enhancer/Stabilizer/Fader/RF Modulator

NEW FOR 84
9995

- Improves Picture Clarity and Increases Contrast While Reducing Video "Noise"
- Eliminates Vertical "Roll and Jitter" From Pre-recorded Video Cassettes
- Fade Control Lets You Separate Scenes, Edit Tapes and Dub-Out Commercials

Bring sophisticated "TV studio" features to your fingertips—at an incredible low price! Video enhancer restores high-frequency picture details that are lost during tape duplication. Improves off-the-air and cable TV, too. The enhancer has a built-in, adjustable video noise reduction system. A fader lets you make a smooth, one-second transition from normal picture and sound to a touch-screen and silence—and vice versa. Video sync is maintained during fade. Stabilizer section has a lock control which stops roll and jitter when playing pre-recorded tapes. A delay control allows on-screen comparison of processed and original signal. Video and audio inputs/output. RF output on channel 3 or 4. 2 1/2 x 8 1/2 x 10 1/2" U.L. listed. 15-1278 **\$9.95**

Versatile Color Video Processing System

NEW FOR 84
9995

- Enables You to Get Perfect Color From VCRs, Satellite Receivers, Video Disk Players and Computers
- Two Selectable Video Inputs
- Special-Effects Applications

This compact video "magician" lets you correct color imbalances that can not be improved with the controls on your TV. An intensity control adjusts overall brightness. A chroma control lets you compensate for washed-out or oversaturated color. A hue control shifts color "tint"—especially useful with color video cameras. The burst control restores weak or lost color when viewing video tapes or duplicating them. Mode switch has a position for full color processing, a bypass position for comparing processed video and original, and a mono position that enables you to remove the residual color often seen in black-and-white movies. Video input/output: 2 1/2 x 8 1/2 x 10 1/2" U.L. listed. 15-1279 **\$9.95**

Video Stabilizer and RF Modulator for VCR

5995

- Eliminates "Roll and Jitter" From Pre-recorded Tapes
- RF Modulator for Color Processors, Enhancers, Cameras

Connect it between your TV and video cassette recorder to stop annoying picture roll on pre-recorded movies. Adjust the lock control until picture steadies, then leave it in that position for the remainder of the tape—no other adjustments required. Will also accept your TV receiver to accept video and audio signals from cameras, portable VCRs and computers. Channel 3 or 4 output. 2 x 8 1/2 x 8 1/2" U.L. listed. 15-1271 **\$9.95**

Amplified, Three-Output Video Selector

NEW FOR 84

8995

- Three Built-in VHF/UHF Amplifiers
- Organizes and Simplifies Your System

Select from five inputs—antenna, cable TV, VCR, aux 1 and aux 2—without changing cables! Three outputs—main TV, VCR recording and remote TV set. Separate amplifiers maintain isolation and prevent signal loss, especially useful when viewing and recording simultaneously. 2 1/2 x 8 1/2 x 5 1/2" U.L. listed. 15-1252 **\$9.95**

Convenient Video Selector With Five Inputs

3995

- A Low-Cost Solution to Video Confusion
- Outputs for Two TV Sets and/or VCRs

Simplify your system—erase "cable swapping" a thing of the past! Connect a TV antenna, cable TV, video disk player, VCR and computer to this selector. Then direct the desired signal to a TV for viewing and a VCR for recording, or a second TV, 75-ohm "F" connectors. Simulated walnut finish. 2 x 8 1/2 x 4 1/2" U.L. listed. 15-1281 **\$9.95**

Cable-TV Block Converter With Fine Tuning

NEW FOR 84

2995

- Converts VHF, Mid- & Superband Cable Channels to UHF
- Restores Remote Control Functions

Let's you record one TV channel while watching another. Also returns channel selection to TV set, VCR or remote control. VHF output for regular cable converter, UHF output for the tuner of TV set and/or VCR. Fine tuning control helps remove interference and permits reception of "off-air" channels which may not be receivable on TVs or VCRs with PLL tuning. 2 x 8 1/2 x 3 1/2" U.L. listed. 15-1281 **\$9.95**

Radio Shack—A 53-Year Tradition of More for Your Money in Electronics

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
