1 (The following proceedings commenced at 9:31 a.m., CST,  
2 April 19, 2016, to wit:)

3 JUDGE DANIELS: This conference call is  
4 in regard to IPRs, and I'm going to list the IPRs here  
5 for the sake of formality. We have IPR2015-01724,  
6 2015-01726, IPR2016-00765, IPR2016-00766, IPR2016-00768,  
7 and IPR2016-00769.

8 As I said, this is Judge Daniels. I also  
9 have on the line with me today Judges Petravick and  
10 Quinn. Let's start by having a roll call for -- It  
11 sounds like we have quite a few people, and if you could  
12 identify your clients as well, please. Thank you. We  
13 can start with -- let's start with Samsung's counsel.

14 MR. BRIGGS: Hi, Your Honor. This is  
15 Heath Briggs, counsel for Samsung.

16 JUDGE DANIELS: And for Aruba?

17 MR. HEINTZ: Your Honor, James Heintz from  
18 DLA Piper, and that's for Aruba, Hewlett Packard  
19 Enterprise Company, and HP Inc. in the 768 and 769 IPRs.

20 MR. KNUDSON: And also for HP and Aruba  
21 is David Knudson, Your Honor.

22 JUDGE DANIELS: Mr. Heintz, are you going  
23 to be doing most any discussion?

24 MR. HEINTZ: I will, Your Honor.

25 JUDGE DANIELS: Thank you. And for

1 Arris?

2 MR. GRESHAM: Dan Gresham and Charles  
3 Griggers with Thomas Horstemeyer, LLP.

4 JUDGE DANIELS: Thank you. Thank you all  
5 for attending this morning.

6 Oh, and I'm sorry, for Patent Owner?

7 MR. KASHA: Thank you, Your Honor. Good  
8 morning. This is John Kasha, K-A-S-H-A, of Kasha Law  
9 for Mobile Telecommunications Technologies. And on the  
10 line is Henning Schmidt of Reed & Scardino. Henning is  
11 litigation counsel. He's not of record in the IPRs yet.  
12 We're going to pro hac him in. If the Petitioner has no  
13 objection to him listening in on the call?

14 JUDGE DANIELS: Okay. As far as I'm  
15 concerned, as long as there's no other objection,  
16 there's no objections, he's more than welcome to listen  
17 to the call.

18 MR. KASHA: Thank you, Your Honor.

19 JUDGE DANIELS: The Panel has reviewed  
20 the Motions for Joinder. Well, let me just -- before I  
21 say that, let's just -- if we talk about -- if I say  
22 Petitioners in general, I'm meaning the newer  
23 Petitioners, Aruba and Arris, since they're the ones  
24 that are requesting the authorization for the Motion for  
25 Joinder. We'll just leave the old Petitioner as

1 Samsung. We can refer to them that way, if we want.

2           The Panel's read the Motion for Joinder  
3 from Petitioners. And we've identified the timing  
4 issues, and we've actually discussed them a bit  
5 ourselves already. And we haven't really determined a  
6 course of action, which is why we wanted to have this  
7 call.

8           So I think, without anything more from me,  
9 what we'd like to do is hear from the parties on the  
10 issue, and since the Petitioners requested the  
11 authorization for the Motion, I'd like to hear from  
12 Petitioners first.

13           MR. KASHA: Your Honor, this is John  
14 Kasha for the Patent Owner. I do have one question  
15 regarding this conference call. May I ask that  
16 question?

17           JUDGE DANIELS: Sure.

18           MR. KASHA: As we stand in the schedule  
19 right now, the Petitioner has the right to file a reply.  
20 They have one month to file a reply to the opposition.  
21 Is that now -- is this taking the place of that reply,  
22 or will that reply still be -- still happen? What is  
23 the status of the reply?

24           JUDGE DANIELS: Well, the motion at this  
25 point -- at this point, this is not taking the place of

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
