Exhibit UTC 2007	Journal Article	38

1 PROCEEDINGS

2 DR. K. MATHIOUDAKIS,

3 Having been sworn testified as follows:

4 EXAMINATION BY MR. PEPE

5 Q. Good morning.

6 A. Good morning.

7 Q. Have you ever been deposed before?

8 A. No.

9 Q. Okay. So before we get into it I just want to go
10 over a few guidelines with you. I'm here today to ask you
11 questions on behalf of General Electric. You are here today
12 to answer questions. The court reporter here is writing
13 down everything that we are saying so it is very important
14 that we don't speak over each other so I'll just ask that
15 while I'm asking you a question, you wait until I'm done
16 before you answer and when you're answering I'm going to try
17 my best not to speak over you. Does that sound good?

18 A. Yes.

19 Q. At certain points today your counsel Mr. Holtman
20 may object to some of the questions that I ask but unless he
21 instructs you not to answer the question you should go ahead
22 and answer it after he's done objecting.

23 I will plan to take break about once every hour. If
24 before an hour you need to take a break to just stretch your
25 legs, get a drink of water, just let me know and we can do

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
