1116	Library of Congress catalog entry for Armstrong

I. INTRODUCTION

Pursuant to 37 C.F.R. § 42.100, *et seq.*, Apple Inc. (“Petitioner”) hereby petitions the United States Patent and Trademark Office (the “Office”) to institute an *inter partes* review of Claims 1–2, 12, and 22–23 (the “Challenged Claims”) of U.S. Patent No. 7,055,169 (“the ’169 Patent”). The ’169 Patent is assigned to OpenTV, Inc. (“Patent Owner”). The ’169 Patent claims methods and systems for administrating interactive television services. *See* Ex. 1101 at Claims 1, 22, & 23. The Challenged Claims of the ’169 Patent are rendered obvious by the prior art. For each Challenged Claim, this Petition presents two non-cumulative grounds of invalidity based on references that were not considered by the Office during prosecution of the application that issued as the ’169 Patent. Petitioner asserts that both grounds of invalidity for each claim are each reasonably likely to prevail, and this Petition should be granted on all grounds.

II. GROUNDS FOR STANDING, MANDATORY NOTICES, AND FEE AUTHORIZATION

Grounds for Standing: Petitioner certifies that the ’169 Patent is available for *inter partes* review and that Petitioner is not barred or estopped from requesting an *inter partes* review challenging the Claims on the grounds identified in this Petition.

Real Party-In-Interest: Apple, Inc.

Notice of Related Matters: Patent Owner has asserted the ’169 Patent against

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
