JUDGE ARPIN: Good Afternoon. This is Judge Arpin. I'm joined in this call by Judges Blakenship and Fink. This is a conference call for two cases, IPR 2016-01012 and IPR 2016-01013. I'm going to begin with roll call.

Who do I have on the line? Petitioner, please.

MR. SMITH: For the Petitioner Ford Motor Company it's Christopher Smith and John LeRoy.

JUDGE ARPIN: Thank you. Who do we have on the call for the Patent Owner, please?

MR. STERNE: Good afternoon, Your
Honor. This is Robert Sterne for Patent Owner
Trilogy Development Group and with me on the call
are my colleagues who are of record, Jonathan
Tuminaro, Sal Bezos and Joseph Mutschelknaus.

JUDGE ARPIN: Thank you. If I heard correctly, we have a court reporter on the line. Is the court reporter provided by Patent Owner or by Petitioner?

Page 4

MR. STERNE: Your Honor, this is Robert Sterne again. The court reporter is being provided by Patent Owner and we have indicated to the reporter to provide you with a transcript in very short due course time.

JUDGE ARPIN: Great. All right.

Because we have a court reporter on the line, I
want both parties to take the lead from what

Mr. Sterne has just done, that is, identify
himself before he begins speaking. This should
allow the court reporter to know who is speaking
without the court reporter having to interrupt and
ask.

I now address the court reporter. If you do need to interrupt, please keep your interruptions as short and to a minimum, whatever is the minimum that you can get by and ensure an accurate transcript.

I assume that you will be providing the transcript to the Patent Owner. Is that correct, Court Reporter?

THE COURT REPORTER: Yes, sir.

Page 5

JUDGE ARPIN: I would ask, Mr. Sterne, then, to -- before the copy of the transcript is filed with the Board to please provide a copy to the Petitioner so that any errata can be resolved before the filing.

Is that understood by both parties?

Patent Owner?

MR. STERNE: Yes. This is Robert
Sterne. Yes. We understand that, Your Honor.

JUDGE ARPIN: Petitioner?

MR. SMITH: This is Christopher Smith and, yes, we understand, Your Honor.

JUDGE ARPIN: Thank you very much.

Before we begin, there was a little bit of confusion about the proper procedure for requesting a conference with the Board and I'd just like to take a moment to go over some guidelines that certainly will apply in this case and, in my experience, apply in most cases before the Board.

I know that the trial practice guide doesn't specifically require that there be a

DOCKET

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time** alerts and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
