PETITIONERS' MOTION TO EXPUNGE EXHIBIT 1130

## **I. Introduction**

Petitioners hereby request that Exhibit 1130 be expunged from the record of IPR2016-01073.

## **II. STATEMENT OF REASONS FOR RELIEF REQUESTED**

On May 19, 2016, Petitioners filed a petition for *inter partes* review in this case with a motion for joinder and a set of Exhibits. Paper 1. This petition is similar to the petition on which proceedings were instituted in IPR2016-00055. See, e.g., Paper 2 at p. 1-3. As set forth in the petition, certain exhibits numbers were not used in this petition in order to maintain consistency between exhibit numbering of this petition and the previously instituted petition in IPR2016-00055. Paper 1, fn. 1. However, despite not using Exhibit 1130 in the petition, Exhibit 1130 from IPR2016-00055 was inadvertently filed with the petition on May 19. Because Exhibit 1130 is not relied on in the petition, it should not have been filed with the petition.

Therefore, Petitioners submit there is good cause to expunge Exhibit 1130 from the record in this proceeding.

## **III. Conclusion**

For the foregoing reasons, Petitioners respectfully request that Exhibit 1130 be expunged from the record of IPR2016-01073.

Respectfully submitted,

U.S. Patent No. 8,648,717
