Case IPR2016-01187
Patent 8,894,066 B2

NEIL T. POWELL, *Administrative Patent Judge.*

DECISION
Motions to Seal
37 C.F.R. §§ 42.14 and 42.54

IPR2016-01187
Patent 8,894,066 B2

The parties have filed unopposed motions to seal various papers and exhibits. Papers 34, 36, 52, 58, 64 (“Motions to Seal”). With the Motions to Seal, the parties have filed a proposed protective order. Exhibit 1035. Each of the parties’ Motions to Seal relates to information regarded by Petitioner as confidential business information. *See, e.g.*, Paper 52, 3. The parties’ Motions to Seal persuade us that the information that the parties seek to seal constitutes confidential business information. Additionally, the parties’ Motions to Seal persuade us that good cause exists for sealing the information that the parties request to be sealed. *See* 37 C.F.R. § 42.54. Additionally, we determine that the parties’ proposed protective order is acceptable.

It is therefore

ORDERED that the parties’ Motions to Seal are *granted*; and

FURTHER ORDERED that the proposed protective order filed as Exhibit 1035 is entered in this proceeding.
