4 JOHAN EMIL VIKTOR BJORSELL,  
5 called as a witness, having been first affirmed, was  
6 examined and testified as follows:

7

8 EXAMINATION

9 BY MR. HART:

10 Q. Good morning. Can you please state your full  
11 name for the record.

12 A. My full name is Johan Emil Viktor Bjorsell.

13 Q. Okay. Have you been disposed before?

14 A. No.

15 Q. Let me go over some ground rules. My job today  
16 is to ask good questions. If for any reason you don't  
17 understand part of my question, please let me know. If  
18 you answer my question, I'm going to assume that you  
19 understood it; is that fair?

20 A. Yes.

21 Q. Okay. The two most important rules today are for  
22 the court reporter. Number one is we can't talk over each  
23 other. She can only take down one person at a time. I'll  
24 do my best to not speak over you but just keep that in  
25 mind as we are going through. Second, audible answers,

1 **yeses and nos, no head nods or shakes.**

2 A. Okay.

3 **Q. All right. Very good. Let's get rolling here.**

4 **Can you describe your post high school education for me?**

5 A. Yeah, I'm self taught. So after high school in  
6 Ireland, I went into the industry. I worked at several  
7 startups so my education is mostly practical, on the job  
8 and self taught.

9 **Q. Okay. Any degrees or certifications since high**  
10 **school?**

11 A. No.

12 **Q. Can you walk me through your work history after**  
13 **high school when you joined the industry.**

14 A. Yes, so -- well, during high school, I had some  
15 programmer jobs and system administration jobs dealing  
16 with, sort of, system engineering and servers and such.  
17 And then when I graduated high school, some of that turned  
18 into a startup in London. And then I moved back to  
19 Ireland, worked a few different consultancy jobs, again in  
20 software development and systems engineering.

21 **Q. Can I break in here. When did you graduate high**  
22 **school?**

23 A. So I think that would have been 2009 [sic].

24 **Q. Okay. And did you go to London to join the --**

25 A. Sorry, not 2009. I'm off by a decade. So I

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
