 2
                           APRIL 19, 2017
                                ****
 3
                    WILLIAM HENRY MANGIONE-SMITH,
 4
     called as a witness, having been first affirmed, was
 5
     examined and testified as follows:
 7
              (PROCEEDINGS COMMENCED AT 8:59 A.M.)
              BY MR. HART:
 8
          Q. Good morning. Can you please state your name for
10
     the record.
11
          Α.
              Certainly. William Henry Mangione-Smith.
12
          Q.
              Have you been deposed before?
          A. I have.
13
14
          Q. How many times?
          A. Are you asking in matters or how many days?
15
16
          Q. How many matters?
17
              Most of them are disclosed on my CV. Off the top
18
     of my head, I would estimate it at ten or more.
19
          Q. Okay. So you have a good understanding of how
20
     this works. Let me just go over some very brief ground
21
     rules to refresh your recollection.
                                          It is my job to ask
22
     good questions. If you don't understand any part of a
23
     question I ask, please ask me to clarify. If you answer a
24
     question, I will assume that you understood; is that fair?
25
          A. Yes.
```

DOCKET A L A R M

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time** alerts and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
