September 14, 2017, at 9:58 a.m., at the U.S. Patent and Trademark Office,
600 Dulany Street, Alexandria, Virginia.

1 PROCEEDINGS

2 - - - - -

3 JUDGE CHANG: I'm Administrative Patent
4 Judge Joni Chang. Here with me is Judge Jennifer Bisk.
5 Some of you we heard from yesterday, but I think some
6 of you had not met us yesterday. Judge Miriam Quinn is
7 joining us remotely from Texas. Good morning, Judge
8 Quinn. I just want to double-check if you can hear us?

9 JUDGE QUINN: Yes, I can hear you. Thank
10 you.

11 JUDGE CHANG: Counsel, please introduce
12 yourself and your colleagues.

13 MR. PEARCE: Good morning, Your Honors.
14 Van Pearce on behalf of the petitioners and since we've
15 got a smaller audience here today, I think I can introduce
16 everyone. With me is Chris Higgins, from my firm.

17 MR. HIGGINS: Good morning, Your Honor.

18 JUDGE CHANG: Good morning.

19 MR. PEARCE: And then going around the room
20 Rachel Capoccia, Kerry Byer, Mark Blackman, all of
21 whom are counsel for some of the petitioners. Dr. Paul
22 Reynolds, our expert witness. Herbert Finn, for LG and
23 Andrew Decar for Olympus.

24 JUDGE CHANG: Good morning. Thank you.

25 MR. PETERS: Good morning, Your Honor.
26 Nicholas Peters on behalf of the patent owner, Papst

1 Licensing, and my colleague, Paul Henkelmann, who
2 will also be presenting today. And also, litigation
3 counsel for Papst we have joining us Jonas David and
4 Richard Paul.

5 JUDGE CHANG: Good morning. Thank you so
6 much. Sorry, about the small room. This is the
7 consolidated oral hearing for IPR2016-01199 and 1200,
8 1213, 1214 involving patent 8,966,144 and 8,504,746.
9 Before we begin, I have a few procedural matters to go
10 over. Just to make the record clear for this particular
11 oral hearing, it is open to the public and the transcript of
12 this hearing will be entered into the official file of each
13 of the IPR proceedings, as well as, in the record of
14 IPR2016-01211, 1212, 1216 and 1225.

15 Those are the IPRs that we had the hearing
16 yesterday, which involve the same patents and same
17 claim construction issue. And please just remember to
18 speak at the podium so that Judge Quinn can hear us and
19 also when you refer to a particular slide make sure that
20 you identify the slide. Petitioner will go first and only as
21 to the arguments for IRP2016-01199 and 1200 involving
22 prior art Aytac. Each party will have 45 minutes for its
23 argument as to these two IPRs.

24 And then after the petitioner presents its main
25 case, then the patent owner will respond to the
26 petitioners' argument and then petitioner may reserve a

1 small portion of its time for rebuttal. And then we will
2 take 15 minute break and then when we come back to
3 continue with the arguments regarding IPR2016-01213,
4 and 1214, regarding the prior art reference Yamamoto
5 and using the same format each party will have 45
6 minutes to present its argument. So, is there any
7 questions regarding the format?

8 MR. PETERS: No, Your Honor.

9 MR. PEARCE: No, Your Honor.

10 JUDGE CHANG: Great. Thank you so much.
11 Petitioner counsel you may begin anytime you like.

12 MR. PEARCE: Before I begin, I do have copies
13 of my demonstratives, hardcopies.

14 JUDGE CHANG: That's great. Thank you.

15 MR. PEARCE: May I approach?

16 JUDGE CHANG: Yes. Did you provide a copy
17 to JUDGE CHANG reporter?

18 MR. PEARCE: Yes, Your Honor. I did.

19 JUDGE CHANG: Okay. Thank you.

20 MR. PEARCE: Just to confirm, Judge Quinn you
21 can hear me okay?

22 JUDGE QUINN: Yes, thank you, I can hear you.

23 MR. PEARCE: Thank you. I'll try to remember
24 to look at the camera if I'm addressing you. It's a little
25 awkward here because you're on the sidewall there. But,
26 I'll do my best.

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
