This construction is also reflected in the table attached as Exhibits A (U.S. Patent No. 6,784,552). If the parties are able to reach further agreement concerning the constructions of any

**II. DISPUTED CLAIM CONSTRUCTIONS [P.R. 4-3(b)]**

Pursuant to P.R. 4-3(b), the parties' proposed constructions of disputed claim terms, phrases, or clauses are also reflected in the tables attached as Exhibits A and B, together with all references from the specification or prosecution history that support the construction and an identification of any extrinsic evidence. The parties expressly reserve the right to rely on any intrinsic and extrinsic evidence identified by the other party, and any evidence obtained, or that may be obtained, through claim construction discovery. The parties expressly reserve the right to amend, correct, or supplement their claim construction positions and supporting evidence in response to any change of position by the other party, in response to information received through claim construction discovery, including inventor depositions and expert depositions concerning claim construction declarations, or for other good cause.

**III. LENGTH OF CLAIM CONSTRUCTION HEARING [P.R. 4-3(c)]**

Defendants anticipate that the claim construction hearing will require a total of four hours. This would allow Plaintiff and Defendants two hours per side.

Plaintiff anticipates that the claim construction hearing will require a total of three hours. This would allow Plaintiff and Defendants an hour and a half per side.

**IV. LIVE WITNESS TESTIMONY AT CLAIM CONSTRUCTION HEARING [P.R. 4-3(d)]**

Neither party intends to call witnesses live at the claim construction hearing. However, the parties have agreed that deposition testimony and affidavits of expert and fact witnesses may be used as exhibits to the Claim Construction Briefs required by P.R. 4-5.

**V. OTHER ISSUES [P.R. 4-3(e)]**

According to the Docket Control Order, there is no prehearing conference scheduled before the claim construction hearing. The parties do not at this time have any other issues that might be appropriately taken up at either a prehearing conference before or at the claim construction hearing. Should any party become aware of such issues that it believes necessitates a prehearing conference, it will notify the other party and the Court and propose dates for a prehearing conference.
