Care has been taken to confirm the accuracy of the information presented and to describe generally accepted practices. However, the authors, editors, and publisher are not responsible for errors or omissions or for any consequences from application of the information in this book and make no warranty, express or implied, with respect to the contents of the publication.

The authors, editors, and publisher have exerted every effort to ensure that drug selection and dosage set forth in this text are in accordance with current recommendations and practice at the time of publication. However, in view of ongoing research, changes in government regulations, and the constant flow of information relating to drug therapy and drug reactions, the reader is urged to check the package insert for each drug for any change in indications and dosage and for added warnings and precautions. This is particularly important when the recommended agent is a new or infrequently employed drug.

Some drugs and medical devices presented in this publication have Food and Drug Administration (FDA) clearance for limited use in restricted research settings. It is the responsibility of the health care provider to ascertain the FDA status of each drug or device planned for use in their clinical practice.

# Contents

Contributing Authors . . . . .	ix
Foreword by <i>Jack Gorski</i> . . . . .	xi
Preface . . . . .	xiii
Acknowledgments . . . . .	xv

## Section I: Structure and Function

1. History of the Estrogen Receptor Concept and Its Relation to Antiestrogens . . . . . <i>Elwood V. Jensen</i>	3
2. The Origin of Antiestrogens . . . . . <i>V. Craig Jordan</i>	9
3. Chemistry: Structure and Function Relationships . . . . . <i>Timothy M. Willson</i>	21
4. Metabolism of Antiestrogens . . . . . <i>V. Craig Jordan, Michael Piette, and Angela Cisneros</i>	29
5. Mode of Action at the Cellular Level with Specific Reference to Bone Cells . . . . . <i>John A. Robinson and Thomas C. Spelsberg</i>	43
6. The Postmenopausal State and Estrogen Deficiency . . . . . <i>Rogério A. Lobo</i>	63

## Section II: Target Tissues

7. Estrogenic Effects on the Central Nervous System: Clinical Aspects. . . . . <i>Barbara B. Sherwin</i>	75
8. Effects on the Cardiovascular System: Basic Aspects . . . . . <i>Thomas B. Clarkson and Mary S. Anthony</i>	89
9. Effects on the Cardiovascular System: Clinical Aspects . . . . . <i>Alison J. Cooper and John C. Stevenson</i>	119
10. Effects on Bone and Mineral Metabolism: Basic Aspects . . . . . <i>Russell T. Turner</i>	129
11. Clinical Effects of Estrogens and Antiestrogens on the Skeleton and Skeletal Metabolism. . . . . <i>Felicia Cosman, David W. Dempster, and Robert Lindsay</i>	151

12. Clinical Implications of Target Organ–Specific Actions of Selective Antiestrogens . . . . .	165
<i>Alan E. Wakeling</i>	
13. Effects on Breast Cancer: Clinical Aspects . . . . .	175
<i>Kathleen I. Pritchard</i>	
14. Estrogenic and Antiestrogenic Actions of Tamoxifen in the Female Reproductive Tract . . . . .	211
<i>P.G. Satyaswaroop</i>	
15. Effects on the Reproductive Tract: Clinical Aspects . . . . .	223
<i>T. Scott Jennings and William T. Creasman</i>	
16. Estrogens, Antiestrogens, and the Urogenital Tract . . . . .	243
<i>Con J. Kelleher and Linda Cardozo</i>	
<b>Section III: Treatment</b>	
17. The Complexity of Selective Estrogen Receptor Modulation: The Design of a Postmenopausal Prevention Maintenance Therapy . . . . .	261
<i>Jennifer MacGregor, Debra A. Tonetti, and V. Craig Jordan</i>	
Subject Index . . . . .	279

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
