ORDER
Conduct of the Proceeding
37 C.F.R. § 42.5(a)

IPR2016-01362
Patent 9,083,850 B1

On May 11, 2017, Patent Owner sent an email to Trials@uspto.gov seeking a conference call to request authorization to file a motion to strike Petitioner's Objections to Patent Owner's Evidence (Paper 21). According to Patent Owner, the objections made are impermissibly vague and do not allow for a proper response.

On May 15, 2017, a conference call was held with Judges Turner, Benoit, and Braden, and respective counsel for the parties. Patent Owner pointed out that the objection to the Declaration of Alan C. Bovik (Ex. 2002) makes reference to "Dr. Greenspun," and argued that the objections are generic and not specific to the actual evidence. Petitioner argued that its objections were complete and discernable, and at least as specific as the objections raised by Patent Owner. *See* Paper 13.

During the conference call, the panel was not persuaded that Patent Owner had raised sufficient issues to authorize a motion to strike to be filed.

Accordingly, it is:

ORDERED that Patent Owner's request for authorization to file a Motion to Strike is *denied*.
