WECHSELBERGER,</p> <p>5 having been administered an oath to tell the truth, the</p> <p>6 whole truth, and nothing but the truth, testified as</p> <p>7 follows:</p> <p>8</p> <p>9 EXAMINATION</p> <p>10 BY MR. SCHREINER:</p> <p>11 Q Good morning.</p> <p>12 A Good morning.</p> <p>13 Q How are you today, Mr. Wechselberger?</p> <p>14 A Fine.</p> <p>15 Q Please state your full name for the record.</p> <p>16 A Anthony J. Wechselberger.</p> <p>17 Q And do you go by Tony; is that correct?</p> <p>18 A Yes.</p> <p>19 Q Okay.</p> <p>20 And what is your current home address?</p> <p>21 A 3447 Bernardo Lane -- B-e-r-n-a-r-d-o;</p> <p>22 Escondido, E-s-c-o-n-d-i-d-o -- California 92029.</p> <p>23 Q Okay. And how long have you lived at that</p> <p>24 residence?</p> <p>25 A Since 1988.</p>
<p>1 Q Pretty good stretch? Page 7</p> <p>2 A Yes.</p> <p>3 Q Okay.</p> <p>4 And where did you reside prior to that?</p> <p>5 A It was also Escondido.</p> <p>6 Q Okay. That's a different address in</p> <p>7 Escondido?</p> <p>8 A Yeah.</p> <p>9 Q And I'm going to be asking you a series of</p> <p>10 questions today. I ask you that you give me full and</p> <p>11 complete answers. Be responsive to my questions. If I</p> <p>12 give you any questions that you don't understand, just</p> <p>13 let me know and I'll try to rephrase them. <a href="http://www.aprusCR.com">www.aprusCR.com</a></p> <p>14 My goal here isn't to trick you, but it's to</p> <p>15 give you questions that you can understand and elicit</p> <p>16 answers based on your expert background. Does that make</p> <p>17 sense?</p> <p>18 A Yes.</p> <p>19 Q Are you under the influence of any sickness or</p> <p>20 illness that would impair your ability to testify</p> <p>21 truthfully and completely today?</p> <p>22 A No.</p> <p>23 Q Are you under the influence of any medications</p> <p>24 or substances that would impair your ability to testify</p> <p>25 truthfully and completely today?</p>	<p>1 A No. Page 8</p> <p>2 Q How did you prepare for today's deposition?</p> <p>3 A I reviewed the prior art -- I -- first, I</p> <p>4 re -- I reviewed my declaration. I reviewed the prior</p> <p>5 art references that I used in that declaration. I</p> <p>6 reviewed the '304 patent, the '940 patent. I read the</p> <p>7 petition on defendant's position -- petition. I read</p> <p>8 the preliminary response from PMC and about -- and --</p> <p>9 and -- and, at one point, I also read the -- your re --</p> <p>10 PMC's request for a rehearing.</p> <p>11 And then also had, I believe, three different</p> <p>12 dial-in telephone conferences with Amazon's attorneys.</p> <p>13 And then finally I was here for a day of depo prep</p> <p>14 yesterday.</p> <p>15 Q And when you refer to the -- when you refer to</p> <p>16 the -- you said the '940 patent. I think you might have</p> <p>17 meant the '490 patent?</p> <p>18 A I'm sorry. '490 patent, yes, the original</p> <p>19 November 1981 Harvey patent.</p> <p>20 Q That would be -- just for the record, that</p> <p>21 would be PMC's patent 4,694,490, which is Amazon</p> <p>22 Exhibit 1001. We'll enter that into the record in a</p> <p>23 moment.</p> <p>24 And when you refer to the '304 patent, is that</p> <p>25 referring to the subject of this IPR, which is PMC's</p>

Page 9

1 patent 7,801,304?  
 2 (Reporter clarification.)  
 3 BY MR. SCHREINER:  
 4 Q Oh, I'm sorry.  
 5 PMC's patent 7,801,304, is that the  
 6 '304 patent that you reviewed?  
 7 A Correct.  
 8 Q And that's Amazon's Exhibit 1004, which we'll  
 9 enter shortly.  
 10 During your dial-in calls, who -- who did you  
 11 speak with?  
 12 A Two gentlemen to my left.  
 13 Q And those gentlemen are who?  
 14 A Colin --  
 15 MR. HEIDEMAN: Heideman.  
 16 THE WITNESS: -- Heideman. Mr. Colin Heideman  
 17 and Mr. Kent Shum.  
 18 BY MR. SCHREINER:  
 19 Q And Mr. Heideman and Shum were -- they were --  
 20 both of them were all on three calls you mentioned?  
 21 A Mr. Heideman was not on all three. He may  
 22 have made appearances on one or two partially. But  
 23 Mr. Shum was on all of them.  
 24 Q Okay. What was the total length of the  
 25 three calls that you had as part of your deposition

Page 11

1 A Yes.  
 2 Q And how much time did you spend?  
 3 A Yesterday?  
 4 Q Yes, sir.  
 5 A We started at 9:00, broke for lunch for  
 6 perhaps an hour, and then quit about -- I believe about  
 7 5:00 p.m.  
 8 Q Okay. So on the order of seven hours?  
 9 A Seems right.  
 10 Q And who did you meet with during that  
 11 deposition preparation?  
 12 A Colin and Kent to my left.  
 13 Q Mr. Heideman and Mr. Shum? [www.aplusCR.com](http://www.aplusCR.com)  
 14 A Mr. Shum, yeah.  
 15 Q Okay.  
 16 Did you speak -- you're aware that there are  
 17 several other IPR proceedings that are at issue  
 18 involving Amazon and PMC?  
 19 A I am aware, yes.  
 20 Q And you're aware that there's other experts  
 21 who've been engaged by Amazon to assist them in those  
 22 IPRs; correct?  
 23 A That's my understanding, yes.  
 24 Q Okay.  
 25 As part of your deposition preparation, did

Page 10

1 preparation approximately?  
 2 A Approximately, I would say, on the average,  
 3 they each ran about an hour and a half.  
 4 Q So something on the order of four and a half,  
 5 five hours of preparation via phone calls?  
 6 A Yes.  
 7 Q Okay.  
 8 And when you mentioned the documents that you  
 9 had reviewed, you -- you mention the -- your  
 10 declaration, the prior art references, the '304 patent,  
 11 the '490 patent, the petition, the preliminary response,  
 12 and PMC's request for rehearing.  
 13 Approximately how long did you spend reviewing  
 14 those documents as part of your preparation for this  
 15 deposition?  
 16 A I would guess 10, 12 hours.  
 17 Q Okay.  
 18 And you did that where? At your -- at your  
 19 home? At your office? At the offices here at  
 20 Knobbe Marten?  
 21 A At my home office.  
 22 Q Okay.  
 23 And you indicated that you did one day of  
 24 deposition preparation at your counsel's office  
 25 yesterday; is that correct?

Page 12

1 you have any contact with any of the other experts?  
 2 A No.  
 3 Q Prior to your deposition -- strike that.  
 4 As part of your involvement in Amazon's  
 5 petition regarding the '304 patent, including the  
 6 preparation of your declaration, did you have contact  
 7 with Amazon's other experts in the other IPRs?  
 8 A No.  
 9 Q Okay. So you never spoke with  
 10 Charles Neuhauser?  
 11 A Correct. I have not spoken to him.  
 12 Q Have you ever spoken to him?  
 13 A I think not.  
 14 Q Michael O'Slinn -- excuse me -- Michael Slinn?  
 15 A Don't know the name.  
 16 Q So you didn't speak to him?  
 17 A That's correct.  
 18 Q Did you review the -- strike that.  
 19 Mr. O'Slinn -- strike that.  
 20 Giving this man some Irish background that  
 21 maybe he doesn't have.  
 22 Are you aware that Michael -- strike that.  
 23 Are you aware that Amazon submitted a petition  
 24 for IPR on another patent that involves decryption,  
 25 which is 7,805,749 or the '749 patent?

Page 13

1 A My understanding is that they've submitted  
 2 petitions for all of the asserted patents. And earlier  
 3 in my work on this project, I had the opportunity to at  
 4 least be told and read what the set of asserted claims  
 5 were way -- a long time ago.  
 6 Now, if -- if some of those claims have been  
 7 dropped, I don't know about it because I was -- when it  
 8 came back -- time to actually prepare for the petitions,  
 9 I was asked to focus only on the '304. So it seemed to  
 10 me one of those might have had something to do with  
 11 encryption or decryption, but I don't actually recall.  
 12 **Q Were you asked to look at the '749 patent?**  
 13 A As I said, I was given a list of the complete  
 14 set of asserted claims as those would have existed  
 15 several months ago. Now, as we all know, they all share  
 16 the same specification. So, you know, the name of  
 17 the -- the issues are the claims, not necessarily the  
 18 specific patent number itself.  
 19 **Q So you -- so you looked at the claims of --**  
 20 **strike that.**  
 21 **You looked at the claims for all the patents**  
 22 **that were asserted in the district court litigation**  
 23 **between Amazon and PMC; is that correct?**  
 24 MR. HEIDEMAN: Objection. Mischaracterizes  
 25 the testimony.

Page 15

1 A Well, in that case, I would definitely have  
 2 known. I said I don't know how I ended up working on  
 3 '304. I was just asked.  
 4 **Q Okay. So the answer is you worked on the**  
 5 **'304 patent because you were asked to work on the**  
 6 **'304 patent; is that correct?**  
 7 A Yes.  
 8 **Q Were you asked to work on any of the other**  
 9 **patents that were at issue in the litigation?**  
 10 A Not with respect to the -- any IPR activity.  
 11 **Q Okay. Have you ever -- strike that.**  
 12 **You're here as an expert in connection with**  
 13 **this IPR proceeding on the '304 patent, is that correct?**  
 14 A Yes.  
 15 **Q Have you ever been an expert in an IPR**  
 16 **proceeding?**  
 17 A Yes.  
 18 **Q And describe for me the circumstances of that.**  
 19 A Can you explain a little better what you mean  
 20 by "circumstances"?  
 21 **Q You said you were an expert in a prior IPR**  
 22 **proceeding; correct?**  
 23 A Yes.  
 24 **Q Okay. What did you do in the prior IPR**  
 25 **proceeding?**

Page 14

1 BY MR. SCHREINER:  
 2 **Q Please answer.**  
 3 A Well, I'm trying to remember.  
 4 **Q Yeah.**  
 5 A Yeah. It was before the IPRs had -- had  
 6 gotten started so I guess it was just the district court  
 7 action, so -- and I was given what I -- what I believe  
 8 is the complete set of asserted claims.  
 9 **Q How was it decided that you would assist with**  
 10 **the '304 patent as opposed to the other patents at issue**  
 11 **in that suit?**  
 12 MR. HEIDEMAN: Objection. Lacks foundation.  
 13 Calls for speculation.  
 14 BY MR. SCHREINER:  
 15 **Q Let's -- let's rephrase that.**  
 16 **Actually, no. Please answer the question.**  
 17 **How was it decided that you would assist with**  
 18 **the '304 patent as opposed to the other patents at issue**  
 19 **in this -- that suit?**  
 20 MR. HEIDEMAN: Same objections.  
 21 THE WITNESS: I don't know.  
 22 BY MR. SCHREINER:  
 23 **Q Did you decide yourself that you were going to**  
 24 **work on the '304 patent and -- and you went to counsel**  
 25 **and said, this is the one I'm going to work on?**

Page 16

1 A I was contacted by the defendant attorneys who  
 2 were going to write the petition. They had already made  
 3 up their mind that -- you know, that -- that this was  
 4 going to happen. They were looking for somebody with a  
 5 technology background that was appropriate.  
 6 I fit that background. And I was asked then  
 7 to become familiar with the patents-in-suit. Patent or  
 8 patents, I don't actually remember now. And the prior  
 9 art associated with it. And working with the law firm,  
 10 I prepared a declaration, which has been submitted.  
 11 My understanding is that PTAB decision is due  
 12 within the next month. ~~Page 15, 16~~ some months ago. And  
 13 since that flurry of activity, which probably took place  
 14 over a period of four to six weeks, I have not been  
 15 involved with that case.  
 16 **Q Okay. And who are the parties in that case?**  
 17 A I actually don't remember.  
 18 **Q Who -- who is -- are you working on behalf of**  
 19 **the patent holder, on behalf of the petitioner**  
 20 **challenging the patent?**  
 21 A Petitioner.  
 22 **Q Okay. Who's the petitioner?**  
 23 A I don't remember who the parties are. Sorry.  
 24 **Q Okay. You don't remember who the patent**  
 25 **holder is or who the petitioner is?**

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
