Case IPR2016-01569  
Patent 8,075,338

---

**JOINT MOTION TO TERMINATE PROCEEDING  
PURSUANT TO 35 U.S.C. § 317(a)**

Pursuant to 35 U.S.C. § 317(a), Patent Owner, PPC Broadband, Inc. (“PPC”), and Petitioners, Corning Optical Communications RF LLC, Corning Incorporated, and Corning Optical Communications LLC, jointly move to terminate this *inter partes* review (“IPR”) of U.S. Patent No. 8,075,338 (“’338 Patent”) due to settlement. Authorization for this motion was granted by the Board in an email dated January 5, 2017.

**I. BRIEF STATEMENT OF WHY TERMINATION IS APPROPRIATE**

Termination of this IPR is appropriate because the parties have settled their dispute concerning the ‘338 Patent (and other patents) in a confidential Settlement Agreement. (Exhibit 2031.)<sup>1</sup> The Settlement Agreement is executed by Patent Owner and Petitioner Corning Optical Communications RF LLC, and requires that the parties jointly request termination of this IPR. (Exhibit 2031 ¶ 2.3.2.) Petitioners Corning Incorporated and Corning Optical Communications LLC agree to the termination of this IPR pursuant to the Settlement Agreement.

---

<sup>1</sup> As authorized by the Board in its January 5, 2017 email, the parties have concurrently filed a Joint Request to Treat Settlement Agreement as Business Confidential Information Pursuant to 35 U.S.C. § 317(b) and 37 C.F.R § 42.74(c). The Settlement Agreement has been filed with the Board using the Patent Trial and Appeal Board’s End to End (E2E) System with access provided to the “Parties and Board only.”

Termination of this IPR is also appropriate since the proceeding is at an early stage and has not been instituted. Petitioners filed their petition for IPR on August 9, 2016. Patent Owner timely filed its Preliminary Patent Owner Response on November 17, 2016. The Board has yet to issue its decision on whether to institute the proceeding, which would be due on February 17, 2017.

## **II. STATUS OF LITIGATION PROCEEDING(S) INVOLVING THE ‘338 PATENT**

The ‘338 Patent was involved in the following pending litigation between the parties: *PPC Broadband, Inc. v. Corning Optical Communications RF, LLC*, Case No. 5:16-00162 (N.D.N.Y.). Pursuant to the Settlement Agreement (Exhibit 2031 ¶¶ 1.5, 2.3.1), all claims in this litigation involving the ‘338 Patent have been dismissed with prejudice as ordered by the Court on January 3, 2017. (Exhibit 2032.)

The ‘338 Patent is not involved in any other litigation. As requested by the Board, the parties also confirm that no other litigation involving the ‘338 Patent is contemplated in the foreseeable future.

## **III. STATUS OF U.S. PATENT AND TRADEMARK OFFICE PROCEEDINGS INVOLVING THE ‘338 PATENT**

The ‘338 Patent is also being challenged by Petitioners in *Inter Partes* Review Case IPR2016-01573. The parties are concurrently filing a joint motion to terminate this related proceeding.

The '338 Patent is not involved in any other U.S. Patent and Trademark Office proceeding. As requested by the Board, the parties also confirm that no other U.S. Patent and Trademark Office proceeding involving the '338 Patent is contemplated in the foreseeable future.

#### IV. THE SETTLEMENT AGREEMENT

Pursuant to 35 U.S.C. § 317(b) and 37 C.F.R. § 42.74(b), the Settlement Agreement (Exhibit 2031) is in writing and a true copy has been filed with the Board using the Patent Trial and Appeal Board's End to End (E2E) System. The parties certify that there are no other collateral agreements referred to in the Settlement Agreement or understandings made in connection with, or in contemplation of, the termination of this IPR.

Date: January 12, 2017

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
