16 1031 64	ROBERT D. STONER, Ph.D.,
17 1077 8	was called as a witness, after having been
18 1103 7	first duly sworn by the Notary Public,
19 1114 51	was examined and testified as follows:
20 20	EXAMINATION BY COUNSEL FOR THE PATENT OWNER
21 21	BY MR. ZEGGER:
22	Q Good morning, sir.
Page 3	Page 5

1	A Good morning.	So, you know, this is a continuation
2	Q Sir, do you dispute that Zytiga® has	of the work I did in the initial declaration.
3	had over \$4 billion in sales since it was	<sup>3</sup> Q Okay. You mentioned your initial
4	launched?	declaration. Let me put before you what has been
5	MR. VARUGHESE: Objection, lacks	5 marked as Wockhardt Exhibit 1077, and can you
6	foundation.	6 confirm whether this is your initial declaration
7	THE WITNESS: From the materials I've	7 in connection with this IPR?
8	seen, I don't dispute that.	8 A Yes, it is.
9	BY MR. ZEGGER:	9 Q Now, is it correct that you were
10	Q Do you think that Janssen regrets	deposed back on February 10th of this year in
11	bringing Zytiga to market?	connection with your initial declarations?
12	MR. VARUGHESE: Objection, vague and	12 A Correct.
13	ambiguous, lacks foundation.	11 Concet.
14	THE WITNESS: I have no idea how to	Q How much work have you done in connection with this case since that time?
15	answer that question. I don't I haven't seen	11 I ve done considerable work.
16	any evidence on the profitability of Zytiga®.	Q can you give me an estimate in terms
17	I've seen evidence on sales and market	of hours?
18	share, but that doesn't tell me necessarily that	A Certainly more than 50 hours.
19	the product has been overall profitable for	Somewhere between 50 and 100 hours.
20	Janssen.	Q Has somebody assisted you with your
21	BY MR. ZEGGER:	reply declaration?
22	Q Do you seriously think that Janssen	A There was editing suggestions from the
	Page 6	Page 8
1	regrets bringing Zytiga® to market?	lawyers. There is citations that were offered by
2	MR. VARUGHESE: Objection,	the lawyers. There was a back-and-forth after I
3	argumentative, vague and ambiguous.	<sup>3</sup> produced the first draft of the report.
4	THE WITNESS: As I said, I can't	Q Did you undertake any analysis of your
5	answer that question.	5 own?
6	BY MR. ZEGGER:	6 A Certainly.
7	Q Let me hand you what has been marked	7 Q Could you look at your reply
8	as Wockhardt Exhibit 3 I'm sorry, Wockhardt	8 declaration, paragraph 6. Are you there?
9	Exhibit 1103. Is this your reply declaration in	9 A I am.
10	this proceeding?	Q Does that set forth some of the legal
11		standards that you were provided in connection
12	· ·	with this matter?
13	Q That's your signature on the last	
	page?	Ti That's correct.
14	A It is.	Q The last sentence of paragraph o
15	Q You signed on April 18th, 2017?	states that you understand that to establish a
16	A Yes, I did.	proper nexus between a claimed invention and the
17	Q And do pages 2 through 5 contain a	commercial success of a product, quote, "a
18	complete list of the materials you considered?	Patent Owner must offer proof that the sales were
19	A Yes, with the caveat in footnote 1	a direct result of the unique characteristics of
20	there that the table includes materials considered	the claimed invention, and not a result of
21	in my initial declaration only if they are	economic and commercial factors unrelated to the
22	specifically cited in my reply.	quality of the patented subject matter," close
	Page 7	Page 9

1	gueta. Did I mad that compathy?	1	programmation but I have no idea whether these
2	quote. Did I read that correctly?  A Correct.	2	presumption, but I have no idea whether those
3		3	whether that has any import in the present matter.
4	Q Is that your understanding of the	4	MR. ZEGGER: All right. And, Counsel,
5	legal standard?	5	the coaching objections have to stop. You can
	A That is.	6	object to the form, but no coaching, no speaking
6	Q And was that provided to you by	7	objections, and you understand that.
7	Wockhardt's lawyers?		MR. VARUGHESE: So, Mr. Zegger, I
8	MR. VARUGHESE: Objection. In	8	disagree with your characterization of my
9	answering this question, I caution the witness not	9	objections. I'm stating my objections and the
10	to divulge any confidential communications with	10	grounds for them. They were no different than the
11	counsel, but you can answer that yes or no.	11	objections that Sidley has lodged in other
12	THE WITNESS: I've worked on a number	12	depositions in this proceeding. You can look at
13	of these commercial success cases before, and I	13	the transcripts.
14	generally know this to be the standard. That	14	MR. ZEGGER: I don't know when it has
15	precise wording, presumably a function of my	15	happened in other depositions. I'm just saying
16	initial wording and any editing that was done by	16	that your objections here are improper.
17	the lawyers.	17	MR. VARUGHESE: I disagree.
18	BY MR. ZEGGER:	18	BY MR. ZEGGER:
19	Q Okay. Is that generally referring to	19	Q Sir, did you assume that there was a
20	the nexus requirement?	20	presumption of nexus here in this case?
21	A Yes.	21	A I made no presumption in that regard
22	Q Is it your understanding that there	22	one way or another.
	Page 10		Page 12
1	can ever be a presumption of nexus in the context	1	Q Well, is it correct that you, in your
2	of the obviousness inquiry here?	2	reply declaration, criticized the analysis of
3	MR. VARUGHESE: Objection, calls for	3	Dr. Vellturo in this case?
4	speculation, calls for legal conclusion.	4	A That's correct.
5	THE WITNESS: That's a legal aspect	5	Q Okay. Did you undertake your own
6	that I'm probably not in a good position to	6	independent analysis of nexus?
7	respond to.	7	A In the course of my criticism of
8	BY MR. ZEGGER:	8	Dr. Vellturo's analysis of nexus, I made quite
9	Q All right. Well, in paragraph 6, you	9	clear what my conclusions were with respect to
10	are setting forth your understanding of the legal	10	nexus.
11	requirements for commercial success, correct?	11	Q Well, did you do an independent study
12	A Correct.	12	to undertake how much of the sales of Zytiga® were
13	Q And you're discussing specifically the	13	due to the patented invention here?
14	requirement for nexus, right?	14	A I myself did not do a study that
15	A Yes.	15	apportions the success purported success of
16	Q So my question is whether you have an	16	Zytiga® to the various aspects of that were
17	understanding as to whether there can ever be a	17	
18	presumption of nexus in this context?	18	important in its success, but I concluded that one
19	MR. VARUGHESE: Objection, calls for a	19	could not attribute that success to the patented
20			invention.
21	legal conclusion, calls for speculation.	20	Q Well, did you yourself attempt to
22	THE WITNESS: I believe I've heard that there are situations where there can be a	21	apportion the degree of Zytiga® demand that was
22	mai mere are situations where there can be a		attributable to the patented invention compared to
	Page 11		Page 13

1	unclaimed features?	<sup>1</sup> A I'm perfectly happy to discuss I
2	A Yes, in the sense that I believe that	mean, I have a 40-page report. There's a lot of
3	the success I concluded that the success of	<sup>3</sup> evidence to discuss there if you want to.
4	any commercial success of Zytiga® was a function	<sup>4</sup> Q Okay. I see where you've criticized
5	of the independent anticancer effect of	5 Dr. Vellturo in your reply report. I'm asking if
6	abiraterone, the independent anticancer effect of	you can show me in your reply declaration a study,
7	prednisone, the ability of prednisone to fight the	an independent study that you undertook, to
8	side effects of the administration of abiraterone,	8 apportion the percentage of commercial success of
9	the tablet form of Zytiga®, and potentially other	<sup>9</sup> Zytiga® that's due to the patented invention?
10	unclaimed features as well with no indication that	MR. VARUGHESE: Objection, lacks
11	there is any nexus to the claimed invention.	11 foundation.
12	So that's apportionment, 100 percent	12 THE WITNESS: I present a lot of
13	to zero.	evidence here in the discussions of the various
14	Q I don't understand your last comment,	parties that were bringing the invention that
15	apportionment 100 percent to zero.	<sup>15</sup> were bringing abiraterone forward towards
16	A To the claimed versus the unclaimed.	commercialization that indicate that there was
17		
18	100 percent to the unclaimed, and zero percent to	and there was no sener that there was a synergy
19	the claimed.	that was responsible for the commercial success.
	Q Where does that study appear in your	Tor example, Turscuss the facer of
20	reply declaration?	abiraterone, which is the best indicator of the
21	A In my statements that there's no	belief of the FDA and what makes the drug and
22	evidence that there's any in the statements and	how the drug should be administered and what makes
	Page 14	Page 16
1	evidence that I presented or that I relied on	1 the drug work and there's no mention in that of
1 2	evidence that I presented or that I relied on indicating that there's no nexus between the	the drug work, and there's no mention in that of
	indicating that there's no nexus between the	an additive effect of prednisone that sorry, a

# DOCKET

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

# **Real-Time Litigation Alerts**

Keep your litigation team up-to-date with **real-time** alerts and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## **Advanced Docket Research**

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## **Analytics At Your Fingertips**

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

### API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

#### **LAW FIRMS**

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

#### **FINANCIAL INSTITUTIONS**

Litigation and bankruptcy checks for companies and debtors.

### **E-DISCOVERY AND LEGAL VENDORS**

Sync your system to PACER to automate legal marketing.
