I, Paul A. Godley, declare as follows:

1. I am the same Paul A. Godley who executed a declaration on August 10, 2016 (WCK1002) and a second declaration on April 14, 2017 (WCK1104) in this *inter partes* review proceeding, IPR2016-01582.

2. I understand from counsel that Patent Owner raised certain issues with my second declaration executed on April 14, 2017, and certain exhibits cited therein in Patent Owner's Objections to Evidence Under 37 C.F.R. § 42.64(b)(1) dated April 26, 2017. I submit this supplemental declaration to address the issues asserted by Patent Owner in its objections.

3. I understand that Janssen objected to several exhibits cited in my second declaration—specifically, Exhibits 1090, 1091, 1092, and 1094. I understand that Janssen asserted that Petitioner Wockhardt's ("Wockhardt") Reply and my second declaration did not establish the origin of those documents or that the documents are a true and correct copy of what they purport to be and hence inauthentic, or that the documents are either incomplete, improper or irrelevant. I disagree with Janssen's assertions and, in response, submit this supplemental declaration.

4. To address Petitioner's objections, I will confirm that to the best of my knowledge the exhibits cited in my initial declaration—including Exhibits 1090, 1091, 1092, and 1094—are true and accurate copies of what they purport to

be, and that an expert in the field would reasonably rely on them to formulate opinions such as those set forth in my initial and second declarations.

5. WCK1094 is a true and correct copy of a document that I downloaded on April 6, 2017 from the ASCO University's Meeting Library page: <http://meetinglibrary.asco.org/>

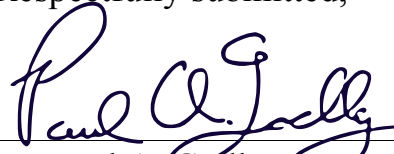

6. WCK1091, WCK1092, and WCK1094 are documents that are relevant to the opinions that I have formulated in my initial and second declarations, and are documents that an expert in the field would reasonably rely on to formulate said opinions.

7. I understand from counsel that Janssen objected to WCK1090 cited in my second declaration for allegedly being incomplete. I have supplied the entirety of WCK1090 in this proceeding as an attachment to this supplemental Declaration.

8. I declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code.

Executed this 2nd day of May 2017.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Paul A. Godley". The signature is written in a cursive style with a large initial "P".
