IPR2016-01622 (Patent 6,850,414 B2)

An initial conference call in the above proceedings was held on March 15, 2017, between respective counsel for the parties, and Judges Medley, Homere, and Clements.

Prior to the call, only Patent Owner filed a proposed motions list. On the call, each party confirmed that, at this time, it does not anticipate filing any motions not already authorized by our Rules or in the Scheduling Order. Patent Owner plans to file a motion to amend by the due date set forth in the Scheduling Order, and will request a call to confer with the Board beforehand. Neither party is aware of any settlement discussion regarding the current proceedings or the parallel litigation proceeding.

Each party also confirmed that it does not have any issue with Due Dates 1–6, as currently set.

For now, with respect to Due Date 7, each party confirmed that it has no conflict with scheduling the oral argument, if requested, on November 14, 2017. Also, both parties expressed a preference for conducting the hearing in San Jose, California. The panel has determined that a hearing room in San Jose, California, is available on November 14, 2017. Thus, pending receipt of timely party requests for a hearing, it appears at this time that we will be able to accommodate the parties' preference to conduct the hearing in San Jose, California.
