Case IPR2016-01688  
Patent No. 9,300,792 B2

Title: REGISTRATION, VERIFICATION AND NOTIFICATION SYSTEM

**NOTICE OF CORRECTED EXHIBIT**

Petitioner Twilio Inc. (“Twilio”) files this Notice of Corrected Exhibit to correct a clerical error. Petitioner filed its Petition for *inter partes* review on August 29, 2016. The Board reviewed the Petition and determined that the Petition complies with the statutory requirements. Thus, the Board accorded the filing date of August 29, 2016. (*See* Notice of Filing Date Accorded, Paper No. 6.) During its review of the Petition, the Board identified a defect in Exhibit 1033. (*Id.*) The Board instructed Petitioner to file a corrected copy of Exhibit 1033 within 5 business days. (*Id.*) Exhibit 1033 was properly cited in the Petition. However, Exhibit 1033 was incomplete because it omitted pages cited in the Petition. By this notice, Petitioner requests the patent office to expunge Exhibit 1033 filed August 29, 2016 and substitute it with Corrected Exhibit 1033 filed concurrently herewith.<sup>1</sup> Because this submission corrects a defect that is regulatory, rather than statutory, this submission does not affect the filing date of the Petition. That is, the Petition is entitled to maintain the August 29, 2016 filing date accorded by the Board. For at least these reasons, Petitioner requests that the Board accept the Corrected Exhibit 1033.

---

<sup>1</sup> As suggested by the Board, Petitioner is submitting herewith a written request to [trials@uspto.gov](mailto:trials@uspto.gov) to have the incorrect exhibit expunged.
