Our listing of sequences will be kept up to date. Investigators are invited to send additional sequence data when accepted for publication. Send two copies of the manuscript together with a letter of acceptance from a journal to:

Dr. E.A. Kabat
National Institutes of Health
Building 8, Room 126
9000 Rockville Pike
Bethesda, Maryland 20892

It would be extremely helpful if you can send us your sequence data on magnetic tapes or floppy diskettes or a clean copy of the sequences. The file formats should be such that they can be read by a generic word processor. If you have access to the internet you can send your sequence data to us via electronic mail to cfoeller@bbn.com or to tt@ttwu.esam.nwu.edu.

When published, three reprints should be provided.

If any published sequences have been overlooked or if any errors are found, please bring them to our attention.
