REACTIVE SURFACES LTD. LLP,

Petitioner,

v.

TOYOTA MOTOR CORPORATION,

Patent Owner.

---

Case IPR2016-01914

Patent No. 8,394,618 B2

---

**PATENT OWNERS' UPDATED MANDATORY NOTICES**

Pursuant to 37 C.F.R. § 42.8, Toyota Motor Corporation (“TMC”) and the Regents of the University of Minnesota (the “University”), the joint owners of the subject patent, submit the following updated mandatory notices.

**I. Real Parties-in-Interest**

No change.

**II. Related Matters**

In addition to the matters identified in the Mandatory Notices filed by TMC on October 21, 2016 and the Updated Mandatory Notices filed jointly by TMC and the University on March 3, 2017, TMC and the University wish to notify the Board of the following *inter partes* review matters in which the University is the patent owner of record:

- *LSI Corporation and Avago Technologies U.S., Inc. v. Regents of the University of Minnesota*, IPR2017-01068 (“*LSI*”); and
- *Ericsson Inc. and Telefonaktiebolaget LM Ericsson v. Regents of the University of Minnesota*, IPR2017-01186, IPR2017-01197, IPR2017-01200, IPR2017-01213, IPR2017-01214 and IPR2017-01219 (“*Ericsson*”).

The patents challenged in the *LSI* and *Ericsson* cases are not related to the patent involved in this proceeding. TMC and the University identify them in an abundance of caution in the event the Board considers them “related matters” insofar as they involve issues of sovereign immunity that overlap some of the

issues briefed by the parties here in connection with TMC's and the University's motion to dismiss. In the *LSI* case, the briefing on the University's motion to dismiss was completed on May 26, 2017.

**III. Lead and Back-up Counsel**

No change.

**IV. Service Information**

No change.
