**Subject:** IPR2017-00060

Good afternoon,

At the oral argument Petitioners indicated that, after the Patent Owner served its demonstrative exhibits on Petitioners on December 8 and on the Board on December 12, Patent Owner amended its demonstrative exhibits in the version filed on December 19 by reordering its slides and removing titles. Because Petitioners had timely filed their objections to Patent Owner's slides (Paper 52) based on the December 12 version, Petitioners hereby request authorization to file an amended set of objections to correspond to Patent Owner's revised demonstrative exhibits that were filed on December 19.

Petitioners also request authorization to file a joint motion to seal the unredacted versions of the demonstrative exhibits filed by the parties. The joint motion to seal also includes other papers and exhibits that contain confidential information and which previously were filed in this proceeding.

Counsel for the Patent Owner has indicated that they do not oppose Petitioners' requests.

Best regards,  
Greg Cordrey
