On Behalf of Patent Owner

1 **A. It's the --**

2 Q. -- for the record?

3 **A. -- what we've been referring to as the**
4 **Tosaki patent, 5,989,123, and the title is:**
5 **Steering wheel control apparatus, it's not a**
6 **handheld controller, and it goes on to say:**
7 **For a television game machine.**

8 Q. Is the Tosaki game controller operated by
9 both hands of the user?

10 **A. It can be, yes.**

11 Q. Can the steering wheel of the Tosaki game
12 controller be held by a user's hands?

13 MR. SAMUEL: Objection, calls for
14 speculation.

15 **THE WITNESS: That implies support.**
16 **The support comes from the base and the**
17 **thighs. So, it's -- it's different than a**
18 **handheld controller, which you actually are**
19 **supporting it in that case.**

20 BY DR. HARRISON:

21 Q. So, your opinions with regard to Tosaki rely
22 on your belief that the steering wheel of
23 Tosaki can't be held in a user's hands?

24 **A. You can grasp it, but you're not supporting**
25 **it. "Held" can have several meanings,**

1 obviously, and you're not supporting it,
2 your grasping it. It's different.

3 Q. So, your opinions on Tosaki rely on your
4 belief that a user can grasp it but not hold
5 it?

6 MR. SAMUEL: Objection,
7 mischaracterizes testimony.

8 THE WITNESS: Certainly you can
9 lift it up, but during normal operation,
10 you're not supporting it.

11 BY DR. HARRISON:

12 Q. Are you holding it?

13 A. The part of hold that means that you're
14 touching it, certainly, and operating it as
15 you would a steering wheel. It's different
16 than supporting a handheld controller.

17 Q. Does the outside of Tosaki's steering wheel
18 include any convex portions?

19 MR. SAMUEL: Objection, calls for
20 speculation, outside the scope of the
21 report.

22 THE WITNESS: The outside of -- of
23 what?

24 BY DR. HARRISON:

25 Q. The Tosaki steering wheel.

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
