APPEARANCES (CONT'D) :

MANATT, PHELPS & PHILLIPS, LLP
By: MR. EHAB SAMUEL
11355 W. Olympic Boulevard
Los Angeles, California 90064
Phone: 310.312.4243
Email: esamuel@manatt.com
On Behalf of Patent Owner

1 held in and operated by both hands of the
2 user, correct?

3 **A. Yes.**

4 Q. And paragraph 38, you had a definition for
5 "handheld"?

6 **A. Yes, as using the word "supported," yes.**

7 Q. And what was that definition?

8 **A. That a handheld controller is held in one's
9 hands.**

10 Q. No, what's -- not the controller, but what's
11 just the definition of "handheld" in
12 paragraph 38?

13 **A. You're holding it in your hands and it's
14 supported as shown in the figures.**

15 Q. Paragraph 38.

16 **A. Oh, I'm looking at the 949. So, you want to
17 look at the --**

18 Q. Yeah, we're talking about the '525, 948.

19 **A. Yeah, no problem. Sure. It's probably
20 similar. Let's see. Okay. Paragraph 38,
21 yes, you're right, I did put a Webster
22 dictionary, and "handheld" is held in the
23 hand, "to be operated while being held in
24 the hand."**

25 Q. Now, do the terms "held" and "held in" have

1 different meanings to a person of skill in
2 the art on or before the priority filing
3 date of June 17, 2011?

4 MR. BARCELO: Objection, form.

5 **THE WITNESS: Well, holding**
6 **something or grasping something is different**
7 **than holding in your hand. Much like a**
8 **railing, you hold on to a railing, but**
9 **you're not holding it in your hand.**

10 BY MR. SAMUEL:

11 Q. So, the operative word or distinction is the
12 word "in"?

13 A. **Yes, or supported would be another way to**
14 **say it.**

15 Q. Okay. And in Claim 1 of the '525 Patent, in
16 addition to the use of the handheld
17 controller language in the preamble, it also
18 states, "held in the hand," in the body of
19 the claim; is that correct?

20 A. **This is Claim 1 of the '525?**

21 Q. Yes.

22 A. **Well, it says "a handheld controller."**

23 Q. Look at line 4 -- Column 4, line 47.

24 A. **I'm getting there: "To be held in the hand**
25 **of a user such that the user's thumb is**

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
