2                   ARTHUR H. KIBBE, PH.D.,

3 being first duly sworn, was examined as follows:

4                   THE WITNESS: I do.

5                   EXAMINATION

6 BY MS. KEANE:

7           Q       Good morning, Dr. Kibbe. Could you  
8 please state and spell your name for the record.

9           A       Yes, Arthur H. Kibbe. A-R-T-H-U-R, H  
10 middle initial, K-I-B-B-E.

11          Q       Okay. And what's your current address?

12          A       116 Fox Run Circle, Clarks Summit,  
13 Pennsylvania, 18411.

14          Q       How many times have you been deposed  
15 before?

16          A       Over 20.

17          Q       Okay. And how many times have you  
18 testified at trial?

19          A       Somewhat less than that, but at least  
20 more than 12 or 15 times.

21          Q       Okay. So somewhere between 15 and 20  
22 times?

23          A       I don't know, you'd have to look at my  
24 CV. I list all the cases with whether I'm just  
25 deposed or whether I spoke at trial.

1                   ARTHUR H. KIBBE, PH.D.

2           Q     Okay.  And in all of those times that  
3     you've been both deposed and testified at trial,  
4     have there been any -- where you have been -- you  
5     have testified in a capacity other than serving as  
6     an expert in a pharmaceutical case?

7           A     No.

8           Q     And I take it all of those cases were  
9     also patent cases?

10          A     Yes.

11          Q     Is there any reason that you cannot  
12     testify truthfully today?

13          A     No.

14          Q     Okay.  Any illnesses or medications that  
15     would prevent you from testifying truthfully today?

16          A     No.

17          Q     So I know that you're fairly familiar  
18     with the ground rules for a deposition, but I'll  
19     just go over a few reminders.

20                   I'll be asking you questions today and  
21     you'll endeavor to answer to the best of your  
22     ability.  We should make sure not to talk over each  
23     other so that the court reporter can get down both  
24     the full questions and the answers.  Does that make  
25     sense to you?
