Acknowledged Submissions to W3C

The following is the definitive list of Acknowledged Submissions to W3C. "Submission" **does not imply any endorsement** by [Consortium staff](#), [Members](#), or host institutes. The reader's attention is drawn to the statement of intellectual property which accompanies each submission as there is no implication of any openness or release of proprietary rights in any submitted technology.

Submissions to W3C may only be made by [W3C Advisory Committee Representatives](#) as per the [guidelines](#) of the Process Document [Members only].
