Please write your questions or comments here	: My name is Nathan Levenson, I am an attorney with Warren Rhoades LLP in Irving, Texas. I am emailing to inquire whether Analog Device's custodian of records is willing to sign a short declaration to authenticate a Analog Device datasheet for one of its accelerometers (ADXL311 Rev. B) available as a PDF at www.analog.com so that it may be admissible as evidence in a legal proceeding. Analog Devices will be in no way involved in the litigation, this is merely a technical requirement in order to have the datasheet admitted as evidence. Please contact me at your earliest convenience. Very Respectfully, Nathan Levenson, Esq. Attorney at Law Warren Rhoades LLP NLevenson@wriplaw.com 972-793-8545

Kind regards,
Analog Devices Customer Support
