RE: NDA 50-790 (formerly 21-023)
RESTASIS™ (cyclosporine ophthalmic emulsion) 0.05%

Dear Orange Book Staff:

Allergan is notifying your office that the current Orange book shows no patent protection for Allergan's RESTASIS™ (cyclosporine ophthalmic emulsion) 0.05%. The following information is being supplied so that the omission can be corrected.

Trade Name: RESTASIS™
Active Ingredient: cyclosporine
Strength: 0.05%
Dosage Form: Ophthalmic emulsion
Approval Date: December 23, 2002

The following patents are placed for RESTASIS™ (cyclosporine ophthalmic emulsion) 0.05%:

| Patent Number | Patent Title | Expiration Date |
|----------------------|---|------------------------|
| US 4,649,047 | Ophthalmic Treatment by Topical Administration of Cyclosporin | March 19, 2005 |
| US 4,839,342 | Method of Increasing Tear Production by Topical Administration of Cyclosporin | August 2, 2009 |
| US 5,474,979 | Nonirritating Emulsion for Sensitive Tissue | May 17, 2014 |

Our original NDA stated an expiration date of June 13, 2006 for patent number 4,839,342. Please note the term of this patent has been extended to the date listed in the table above. Allergan is requesting that this patent information be included in the Orange Book at your earliest opportunity.

The undersigned declares that the above stated United States Patent Numbers 4,649,047; 4,839,342 and 5,474,979 cover the formulation, composition, and/or method for use of cyclosporine A. This product is currently approved under section 505 of the Federal Food, Drug and Cosmetic Act.

Should you require additional information, you may contact me by telephone at 714-246-4391, by fax at 714-246-4272, or E-mail at bancroft_elizabeth@allergan.com.

Sincerely,

Elizabeth Bancroft
