Corporate Leadership in User Experience Strategy

Communication Arts has described Eric Gould Bear as “one of the most thoughtful and provocative interface and interaction designers working in the field.” He has been leading the design of award winning human-computer interfaces since 1984, has published numerous articles on the subject, and has been granted a variety of patents for cutting-edge techniques. An enthusiastic and inspirational leader, Bear invites everyone to join in the work of creating easier-to-use technology and more engaging digital media. Specialized in interactive telecommunications services and devices. Key management outcomes include:

- Competitive customer experience strategy
- Integrated vision for products, services & brand
- Prioritized product requirements & specifications
- Maximized usability & customer satisfaction
- Confidence in solutions prior to public release
- Proven design management methodology
- Leadership of cross-functional collaboration
(technology, strategy, marketing, content, design, usability)
- Engineering resource, schedule & cost optimization
- Protection of proprietary interaction technology
