SAMEER GOKHALE, ESQ.

1 Proceedings

2 JUDGE ZADO: Good afternoon. This
3 is Judge Zado and with me on the call
4 today are Judges White and Wormmeester.
5 And this is pertaining to IPR2017-00684.

6 And we will just start with the
7 rollcall. Who do we have on the call
8 for petitioner?

9 MR. HILTON: Yes, Your Honors, we
10 have Robert Hilton, from McGuireWoods
11 and also Jason Cook from McGuireWoods.

12 JUDGE ZADO: Thank you.

13 And who do we have on the call for
14 the patent owner?

15 MR. MATTSON: Good afternoon, Your
16 Honor. This is Robert Mattson with the
17 Oblon firm for patent owner. With me is
18 my partner, Sameer Gokhale and we also
19 have a court reporter on the line as
20 well.

21 JUDGE ZADO: Okay. Thank you. We
22 would just ask that after this call that
23 patent owner have the transcript for
24 this call uploaded into the system for
25 this case.

1 Proceedings

2 MR. MATTSON: Certainly.

3 JUDGE ZADO: Okay. Great. So the
4 reason we're having this call is a
5 recap. Earlier in this case we
6 instituted -- we issued an order
7 instituting on all challenges in this
8 case, not just the challenges we
9 instituted on, and for now, I just
10 wanted to start with an update from the
11 parties.

12 We previously had a call last week
13 to discuss various ways to handle our
14 institution of all the claims and all
15 challenges.

16 And I guess we will just start with
17 petitioner, as far as an update as to
18 whether or not the parties want to
19 jointly agree to terminate the portion
20 of the proceeding we instituted on
21 versus whether the parties would like to
22 move forward on all of these challenges.

23 MR. HILTON: Thank you, Your Honor.
24 So the parties have not come to an
25 agreement on this. Our position, as

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
