1 MR. DOWD: Just before we get started as a 2 housekeeping matter, on January 24th we requested that Caltech down designate the January 15, 2015, and March 3rd, 2015, depositions of Dr. Divsalar or identify any basis upon which to assert that they were confidential given that those are all discussing prior art and we requested consent to use them here at the deposition today. As I noted, all the material discussion in those transcripts is 10 about prior art and therefore not confidential. 11 Caltech has to date identified no basis for 12 confidential identification of that material other 13 than to obstruct its use today. So I understand that it is maintaining an objection, Caltech is, so we plan to seek relief and we will plan to hold 16 today's deposition open pending that relief. 17 MR. ARGENTI: Okay. And from our 18 perspective the first time that this issue was 19 raised with PTAB counsel with Caltech was this 20 morning immediately before the deposition was to 21 begin, it was not raised to us before this despite 22 the dates that were stated by counsel, and to the 23 extent that it was raised with other counsel a few 24 days before the deposition was scheduled to begin I
