Disclaimer

This book is intended to provide information about the subject matter covered. It is sold with the understanding that the publisher and author are not engaged in rendering legal services or providing legal advice. If legal advice is required, the services of a competent legal adviser should be obtained.

Reasonable efforts have been made to make this book accurate and complete. However, there may be mistakes, both typographical and in content. Therefore, this text should be used only as a general guide and is not to be relied on in any particular, keeping in mind that laws and interpretation of rules change over time.

The purpose of this little book is to educate and inform. The author and publisher shall have neither liability nor responsibility to any person or entity with respect to any loss or damage caused or alleged to be caused directly or indirectly by the information contained in this book.

The opinions expressed in this book are solely the personal opinions of the author in his individual capacity. Nothing in this book shall be attributable to the author in any representational capacity or to any other person or legal entity.

This book is intended to encourage the innovators to persevere in the face of this adversity and to redouble their efforts to innovate and to continue to see themselves as the valuable contributors to society that they are.

Glossary of Terms	173		

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
