IPR2017-00923

I. INTRODUCTION

The Board routinely grants motions for joinder where the party seeking joinder presents identical arguments to those raised in the existing proceeding and agrees to reasonable limits on its role in the joined proceeding. See, e.g., *Perfect World Entertainment, Inc., v. Uniloc USA, Inc. and Uniloc Luxembourg S.A.*, IPR2015-01026, Paper 10, (PTAB Aug. 3, 2015); *ION Geophysical Corporation and Ion International S.A.R.L. v. WesternGeco LLC*, IPR2015-00567, Paper 14, (PTAB Apr. 23, 2015); *Fujitsu Semiconductor Limited v. Zond, LLC*, IPR2014-

00845, Paper 14 (PTAB Oct. 2, 2014); *Enzymotec Ltd. V. Neptune Technologies & Bioresources, Inc.*, IPR2014-00556, Paper 19 (PTAB Jul. 9, 2014). Such is the situation here and joinder should be granted consistent with the Board's "policy preference for joining a party that does not present new issues that might complicate or delay an existing proceeding." *Enzymotec*, Paper 19, p. 6 citing 157

Cong. Rec. S1376 (daily ed. Mar. 8, 2011) (statement of Sen. Kyl) ("The Office anticipates that joinder will be allowed as of right – if an inter partes review is instituted on the basis of a petition, for example, a party that files an identical petition will be joined to that proceeding, \ldots ") (emphasis added).

II. ADDITIONAL CONDITIONS PROPOSED BY PATENT OWNER

In Petitioner's motion for joinder, Petitioner has already proposed that:

1) As long as TSMC remains in the joined IPR, Petitioner agrees to remain

2

in a circumscribed "understudy" role without a separate opportunity to actively participate.

2) Petitioner will not file additional written submissions, nor will Petitioner pose questions at depositions or argue at oral hearing without the prior permission of TSMC.

3) Only in the event that TSMC settles will Petitioner seek to become active in the joined IPR.

Essentially, Petitioner agrees to not pursue an active role (i.e., a circumscribed "understudy" role without a separate opportunity to actively participate) in the joined case unless TSMC settles. *See* Motion for Joinder, Paper 2 at pages 6 and 7.

However, the Patent Owner argues that the Board should require the Petitioner to abide by various additional conditions as a joined party in IPR2016-01378. *See* PO's Opposition to Petitioner's Motion for Joinder and Preliminary Response, Paper 6. The Petitioner believes that such additional conditions are not warranted as the Petitioner is willing to have only a limited "understudy" role. However, Petitioner is willing to abide by such additional conditions as the Board deems appropriate.

III. CONCLUSION

For the foregoing reasons, Petitioner respectfully requests that its Petition for *Inter Partes* Review of U.S. Patent No. 6,197,696 be instituted and that the

3

proceedings be joined with Taiwan Semiconductor Manufacturing Company

Limited ("TSMC") v. Godo Kaisha IP Bridge 1, Case No. IPR2016-01378.

RESPECTFULLY SUBMITTED,

White & Case LLP
