You are encouraged to report negative side effects of prescription drugs to the FDA. Visit www.fda.gov/medwatch, or call 1-800-FDA-1088.

INDICATION

TRAVATAN Z® Solution is a prescription medicine to lower eye pressure in patients with glaucoma who have trouble tolerating their current medicine or for whom that medication is not working well enough.

IMPORTANT SAFETY INFORMATION**Contraindications:**

Do not use TRAVATAN Z® Solution if you are hypersensitive to travoprost or any other ingredients in this product.

Precautions and Warnings:

Some patients may experience darkening of the iris (the colored part of the eye) which is most noticeable in patients who only receive treatment in one eye. Patients may also experience growth and thickening of their eyelashes, and/or darkening of the skin around the eye. These changes may be permanent.

Side Effects:

The most common side effect with TRAVATAN Z® Solution is redness of the eye (also known as ocular hyperemia). Other side effects include eye discomfort, a feeling of something in the eye, eye pain and itching.
