Re: *Intel Corporation v. Alacritech, Inc.*, IPR2017-01392.

Patent Trial and Appeal Board:

I am a counsel for the petitioner Intel Corporation in the above-referenced IPR proceedings. It came to my attention, after the petition was filed, that there was a clerical error on page 40 of the IPR petition. The correct cite should have been to Ex.1087 [Librarian Declaration of Christopher Butler regarding “Gigabit Ethernet Technical Brief” (“Alteon”)] and not to Ex.1011. In addition, the date that Alteon was published should have stated on or before January 26, 1997 (not January 26, 2007).

Sincerely,

/s/ Adrian Percer

Adrian Percer
Counsel for the petitioner Intel Corporation
