**PETITIONERS' REQUEST FOR ORAL HEARING**

---

<sup>1</sup> LG Electronics, Inc. and Huawei Device Co., Ltd. have been joined to this proceeding as Petitioners.

In a joint scheduling order, the Board tentatively scheduled an oral hearing for IPR2017-01427 and IPR2017-01428 on August 30, 2018. (Paper 9.) Pursuant to 37 C.F.R. § 42.70(a), Petitioners (Facebook, WhatsApp Inc., Huawei Device Co., Ltd.<sup>2</sup> and LG Electronics, Inc.) request a consolidated oral hearing on all grounds of unpatentability raised in IPR2017-01427 and IPR2017-01428. Petitioners also request oral hearing on any issues raised by Patent Owner in its Request for Oral Hearing, any procedural or evidentiary issues raised by the parties, and any additional issues or questions raised by the Board or the parties before or during the oral argument.

Petitioners request fifteen minutes of time to address these issues. To the extent the Board schedules the hearing to last more than thirty minutes, however, Petitioners request that they be given half the length of the hearing to address these issues.

Petitioners further request that they be permitted to speak first at oral argument as the parties bearing the burden of showing the unpatentability of the challenged claims, and that they be permitted to reserve time for rebuttal following Patent Owner's allotted argument time.

Petitioners request that the oral hearing in this proceeding be held in the Texas Regional Office in Dallas, Texas, as indicated in the joint scheduling order

---

<sup>2</sup> Huawei is only a Petitioner in the IPR2017-01428 IPR and does not object to a consolidated hearing with IPR2017-01427.

(Paper 9), to the extent practicable including the capacity of the hearing room. Petitioners request that a total of seven spaces be reserved at the oral hearing for Petitioners, to accommodate counsel for each of the Petitioners and their corporate representatives.

Petitioners also request that two attorneys at Petitioners' counsel's table be allowed to use computers at the hearing (in addition to the counsel making the argument using his or her computer to show the demonstratives) because arguments will be presented by two different Petitioners and to avoid the need for the parties to bring entire paper copies of the record into the hearing room and to facilitate efficient answering of panel questions.

Petitioners further request the use of audio-visual equipment suitable to display papers of record and demonstrative exhibits, including a computer-connectable projector, an ELMO, and a screen. Petitioners further request the services of a court reporter to transcribe the proceeding.
