Manual of Patent Examining Procedure, § 21242

I. INTRODUCTION

Petitioner Taro Pharmaceuticals U.S.A., Inc.’s (“Taro”) attempt to exclude Patent Owner Apotex Technologies Inc.’s (“Apotex”) relevant evidence of patentability should be denied. Specifically, the Board should reject Taro’s attempts to exclude Exhibits 2006, 2008, 2010, 2014, 2015, and 2016 because each of these Exhibits is relevant to the proceeding at hand and because none of these Exhibits are inadmissible for lack of authentication or hearsay.

II. LEGAL STANDARDS

“The party moving to exclude evidence bears the burden of proof to establish that it is entitled to the relief requested—namely, that the material sought to be excluded is inadmissible under the Federal Rules of Evidence.” *Sipnet EU S.R.O. v. Straight Path IP Group, Inc.*, IPR2013-00246, Paper 63 at 2 (PTAB Oct. 9, 2014) (citing 37 C.F.R. §§ 42.20(c), 42.62(a)). Motions to exclude are disfavored by the Board, since “[t]here is a strong public policy for making all information filed in a non-jury, quasi-judicial administrative proceeding available to the public, especially in an *inter partes* review which determines the patentability of claims in an issued patent. It is better to have a complete record of the evidence submitted by the parties than to exclude particular pieces.” *Nichia Corp. v. Emcore Corp.*, IPR2012-00005, Paper 68 at 59 (PTAB Feb. 11, 2014).

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
