So --</p> <p>17          Good morning.</p> <p>18          <b>A Good morning.</b></p> <p>19          Q Could you please state your full name for</p> <p>20 the record.</p> <p>21          <b>A Ian Andrew Wilson.</b></p> <p>22          Q And have you had your deposition taken</p> <p>23 before?</p> <p>24          <b>A Yes.</b></p> <p>25          Q How many times?</p>

PLANET DEPOS

888.433.3767 | WWW.PLANETDEPOS.COM

Conducted on April 21, 2018

9	<p>1 <b>A I can't remember how many. About three or</b>                  2 <b>four.</b>                  3 Q Okay. And were they all in connection with                  4 expert witness work?                  5 <b>A Yes.</b>                  6 Q Okay. How many times have you previously                  7 served as an expert witness in a litigation or                  8 patent office proceeding?                  9 <b>A Could you explain?</b>                  10 Q Sure. Well, let's start with a                  11 district court action.                  12 Have you ever served as an expert in a court                  13 action?                  14 <b>A One. One time.</b>                  15 Q Okay. And who were you retained by in that                  16 case?                  17 <b>A WilmerHale.</b>                  18 Q Okay. And who was the --                  19 Well, first of all, was Genentech the party                  20 that you were representing there?                  21 <b>A I don't think so.</b>                  22 Q Okay. Do you know who the party was?                  23 <b>A I can't remember.</b>                  24 Q Okay. Was the party the patent owner?                  25 Well, strike that.</p>	11
10	<p>1 Was this a patent case?                  2 <b>A It's such a long time ago, I can't -- I</b>                  3 <b>don't actually remember the details of the case. I</b>                  4 <b>actually destroy the documents, and I destroy it from</b>                  5 <b>my memory, too. So --</b>                  6 Q Fair enough.                  7 Do you know what the issues were that you                  8 were giving an opinion on in that case?                  9 <b>A It had to do with epitopes on -- on a</b>                  10 <b>receptor.</b>                  11 Q And was it relating to a therapeutic                  12 product?                  13 <b>A As far as I -- I recall, yes.</b>                  14 Q Do you recall what the product was?                  15 <b>A No.</b>                  16 Q Okay. And you were deposed in that case?                  17 <b>A Yes.</b>                  18 Q Okay. Other than that case, have you ever                  19 been involved in a case in the district court or in                  20 any court?                  21 <b>A No.</b>                  22 Q All right. Have you ever served as an                  23 expert witness previously in an action before the                  24 U.S. Patent and Trademark Office?                  25 <b>A In what sense? I don't really --</b></p>	12
9	<p>1 <b>You -- I'm not understanding some of the</b>                  2 <b>questions.</b>                  3 Q Okay. Sure. So you understand that the                  4 proceeding that you're here for today is an                  5 inter partes review in the U.S. Patent and Trademark                  6 Office?                  7 Do you understand that?                  8 <b>A I understand it now.</b>                  9 Q Oh, okay. Okay. Well, why don't you tell                  10 me. What other cases have you been involved in as an                  11 expert witness?                  12 <b>A They've -- they'e largely been to do -- to</b>                  13 <b>do with -- cases to do with -- with patents. By and</b>                  14 <b>large, I think it's been patents.</b>                  15 <b>I had one other case that had noth- -- that</b>                  16 <b>was -- that was a separate issue that was just a</b>                  17 <b>dispute between parties on some scientific grounds.</b>                  18 Q Okay. Have you ever previously been                  19 retained by Genentech in a legal matter?                  20 <b>A Yes.</b>                  21 Q And -- and what -- what did that involve?                  22 <b>A That involved -- similar to dealing with</b>                  23 <b>patents.</b>                  24 Q And was it relating to the product                  25 Herceptin?</p>	11
10	<p>1 <b>A Other than this case?</b>                  2 Q Yes.                  3 <b>A No.</b>                  4 Q Okay.                  5 <b>A Not -- not that I remember.</b>                  6 Q Okay. So the other case that you worked                  7 with -- worked on with Genentech, what product was                  8 involved in that case?                  9 <b>A I can't remember what -- what those were.</b>                  10 Q Okay. Was -- was that in the U.S. or                  11 somewhere else?                  12 <b>A U.S. Or those -- those are Brazilian</b>                  13 <b>proceedings as well.</b>                  14 Q Okay. And when was this?                  15 <b>A That's been ongoing for the last year or so.</b>                  16 Q Okay. And were you -- have you had a                  17 deposition taken in that case?                  18 <b>A No.</b>                  19 Q Okay. Other than in litigation or in the                  20 patent office, have you ever been retained by                  21 Genentech as a consultant?                  22 <b>A Not to the -- not to my knowledge.</b>                  23 Q Have you ever received funding from                  24 Genentech?                  25 <b>A Funding from -- personally or for my lab?</b></p>	12

PLANET DEPOS

888.433.3767 | WWW.PLANETDEPOS.COM

Conducted on April 21, 2018

<p>13</p> <p>1 Q For your lab.</p> <p>2 A No.</p> <p>3 Q Okay. And personally?</p> <p>4 A No.</p> <p>5 Q Okay. The declarations --</p> <p>6 I've handed you two documents, Dr. Wilson.</p> <p>7 One is marked Exhibit 2041 in IPR2017-01488, and one</p> <p>8 is marked Exhibit 2041 in IPR2017-01489.</p> <p>9 These are the two declarations that you've</p> <p>10 submitted in these proceedings?</p> <p>11 A I just wanted to make sure my signature is</p> <p>12 on there.</p> <p>13 Yes, they are.</p> <p>14 Q Okay. Is it fair to say that the two</p> <p>15 declarations are substantively identical in terms of</p> <p>16 their content?</p> <p>17 A As far as I remember, yes.</p> <p>18 Q Okay. At the time you signed them, you</p> <p>19 believed them to be true and accurate to the best of</p> <p>20 your knowledge; is that right?</p> <p>21 A Yes, I did.</p> <p>22 Q Okay. Is there anything that you now</p> <p>23 realize is -- was in error or that you want to</p> <p>24 change?</p> <p>25 A No. I -- I -- there's one or two typos,</p>	<p>15</p> <p>1 A I -- to the extent that I was required to --</p> <p>2 that I was required to for my deposition, yes -- for</p> <p>3 my declaration.</p> <p>4 Q Okay. Do you know if there's any documents</p> <p>5 here that you didn't review completely?</p> <p>6 A "Completely" meaning --</p> <p>7 Q Like, read it from start to finish.</p> <p>8 A I think I've -- I've opened most of the</p> <p>9 documents, whether -- and -- and skimmed through</p> <p>10 them. I -- I can't -- there's so many documents</p> <p>11 here, I can't -- I can't recall every single document</p> <p>12 that's in this particular list as to when I reviewed</p> <p>13 it.</p> <p>14 Q Okay. Is it fair to say, though, if it's</p> <p>15 listed here, it's something that you opened,</p> <p>16 considered relevant enough to consider it, and place</p> <p>17 it on your "Materials Considered" list?</p> <p>18 MR. DANFORD: Objection to form.</p> <p>19 THE WITNESS: Most of the -- the things I --</p> <p>20 I recognize, yes.</p> <p>21 BY MR. LASKY:</p> <p>22 Q Is there anything you're aware of that you</p> <p>23 considered that's missing from this list?</p> <p>24 A Whoa.</p> <p>25 Q And I guess I'm asking if you're aware of</p>
<p>14</p> <p>1 very minor things, a missing word, a missing comma, a</p> <p>2 missing exponent on the 9. But as far as substance</p> <p>3 are concerned, no.</p> <p>4 Q Okay. Well, as we go through, if there's</p> <p>5 anything you see that you --</p> <p>6 A Sure.</p> <p>7 Q -- need to change in terms of typos --</p> <p>8 A Sure.</p> <p>9 Q -- please let me know.</p> <p>10 Now, at the back of each of your</p> <p>11 declarations, you will see that there is a list of</p> <p>12 the materials that -- well, it's a "Materials</p> <p>13 Considered" list.</p> <p>14 Do you see that?</p> <p>15 A Exhibit B?</p> <p>16 Q Exhibit B. Yes.</p> <p>17 A I see that.</p> <p>18 Q Okay. And did you review and consider each</p> <p>19 of the documents in that "Materials Considered" list</p> <p>20 in each of your declarations?</p> <p>21 A I don't -- I don't remember every single one</p> <p>22 of them, but I recognize most of these, yes.</p> <p>23 Q Okay. And you read and understood all of</p> <p>24 these references before providing your declaration;</p> <p>25 is that right?</p>	<p>16</p> <p>1 it.</p> <p>2 A I'm not aware of any. I'd have to go</p> <p>3 through and -- and check, but I'm not aware of -- of</p> <p>4 any. Most of the papers, of course, I recognize</p> <p>5 right away, and --</p> <p>6 Yes.</p> <p>7 Q Okay. Before -- I want to focus on the time</p> <p>8 before you submitted your declarations up to when you</p> <p>9 submitted them.</p> <p>10 How much time did you spend on the case?</p> <p>11 A Before I submitted the declaration?</p> <p>12 Q Right. Up to the date that you submitted</p> <p>13 the declaration. How much time would you have</p> <p>14 submitted on --</p> <p>15 A Many, many hours.</p> <p>16 Q How many -- how many would you --</p> <p>17 A I haven't added them up yet, but it would be</p> <p>18 tens of hours.</p> <p>19 Q Tens of hours?</p> <p>20 A Yeah. Uh-huh.</p> <p>21 Q Less than 100?</p> <p>22 A I couldn't say if it was less than 100 or</p> <p>23 more than 100, but it was a -- a large number of</p> <p>24 hours.</p> <p>25 Q Okay. And did you read the '213 patent in</p>

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
