

PAUL R. PRUCNAL

Personal Information:

Address: Department of Electrical Engineering,
Princeton University, Princeton, NJ 08544
Telephone: 609-258-5549
Citizenship: U.S.

Education:

Ph.D. 1979 Columbia University
M.Phil. 1978 Columbia University
M.S. 1976 Columbia University, Electrical Engineering
A.B. 1974 Bowdoin College, *summa cum laude*

Experience:

1990- Princeton University, Professor
1992 Visiting Professor, University of Parma (Sabbatical)
1991 Visiting Professor, RCAST, University of Tokyo (Sabbatical)
1989-1991 New Jersey Advanced Technology Center for Photonics and
Optoelectronic Materials, Founding Director
1988-1990 Princeton University, Associate Professor
1984-1988 Columbia University, Associate Professor
1979-1984 Columbia University, Assistant Professor

Consulting:

- Phillips Laboratories (1979-1981)
- Optical Information Systems, Inc (1982)
- GTE Labs (1983-1984)
- AT&T Bell Laboratories (1985-1986)
- IBM (1987-1988)
- Dove Electronics (1987-1989)
- Siemens Corporate Research (1992-1995)
- Center for Computing Sciences (1996-Present)
- Sun Microsystems (1998-2001)
- SAIC (1999-2000)
- Multi Link Technologies, Inc. (1999-2002)
- Alphion, Inc. (2000-Present)
- Ultra Fast Optical Systems (2000-2002)
- Kailight Inc. (2003-Present)
- NEC Laboratories (2004-Present)
- Princeton Optronics (2005-Present)

Current Research Activities (experimental and theoretical):

Optical networks, photonic switching, optical signal processing, RF photonics, quantum optics, optical interconnects.

Honors:

Invited Plenary Speaker

- 9th International Conference on Computer Communications, Tel Aviv, October 1988
- Topical Meeting on Photonic Switching, Salt Lake City, March 1989

- Congreso de Informatica y Telecomunicaciones, Berisso, Argentina, April 1989
- IEEE Communications Society Local Chapter Talks, 1989
- IEEE International Conference on Communications, Atlanta, April 1990
- LEOS Annual Meeting, Boston, November 5, 1990
- IEEE Computer Communications Workshop, October 1992
- IEEE Optical Fiber Communications Conference, February 1993
- OSA Optical Computing Topical Meeting, March 1993
- IEEEOSA Topical Meeting on Photonic Switching, March 1993
- IEEE LEOS Conference, November 1993
- Rank Prize Symposium, April 1994
- Workshop on Massively Parallel Processing using Optical Interconnects, April 1994
- Keynote Address, Viva a Ciencia, Symposium commemorating the 25th Anniversary of Submarine Cables in Portugal, October 1994
- IEEE Optical Fiber Communication Conference, February 1995
- European Fiber Optic Communication & Networking Conference, June 1995
- IEEE LEOS Conference, October 1995
- IEEE LEOS Conference, October 1996
- IEEE Computer Society, May 1996
- ECOC, September 1997
- IEEE LEOS, November 1997
- Sarnoff Symposium, March, 1998
- Rank Prize Symposium, April 1998
- ECOC, September 1998
- XIth Slovak/Czech/Polish Optical Conference on Wave and Quantum Aspects of Contemporary Optics, September 1998
- American Physical Society Annual Meeting, invited tutorial, March 2000
- American Physical Society Annual Meeting, Minneapolis, MN, March 2000
- CLEO/PR-2001, Makahuri Messe, Chiba, Japan, June 2001
- OSA Topical Meeting-Integrated Photonics Research, Vancouver, Canada, July 2002
- WOCC 2002, Newark, NJ, April 2002
- Photonics Prague 2002, Prague, Czech Republic, May 2002
- Europe-U.S.-Japan Symposium on Ultrafast Photonic Technology, Chiba, Japan, July 2003
- ECS'03 Bratislava, Slovakia, September 2003
- IEEE Photonics in Switching Topical Meeting, Versailles France, September, 2003
- "From Smoke Signals to All-Optical Communications," Given at University of Žilina, Žilina, Slovakia, October 24, 2005
- "RF Photonics," DSA, Holmdel, NJ, February 22, 2005
- "Reconfigurable universal transceivers," U.S. Army Communications Electronics Command, Fort Monmouth, NJ, March 11, 2005

- “All-optical signal processing; “Progress and applications,” Distinguished speaker seminar series, University of Arizona, Tucson, AZ, April 15, 2005
- “Reconfigurable, asynchronous, incoherent optical CDMA networks,” O-CDMA PI Review, Key West, FL, May 2, 2005
- “All-optical signal processing; Progress and applications,” Center for Communications Research, Princeton, NJ, May 18, 2005
- Plenary Lecture, “All-optical signal processing: Progress and applications,” Ninth Canadian Workshop on Information Theory, McGill University, Montreal, June 6, 2005
- “Flexible access techniques for fiber-to-the-home,” O-CDMA systems Workshop, Key West, FL, May 3-4, 2005
- “Advanced technology for next-generation networks,” NJ Legislative Caucus on Science and Technology: Shaping New Jersey’s Telecommunication Future, Princeton, May 20, 2005
- “All-optical signal processing: Progress and applications,” Center for Computing Sciences, Bowie, MD, June 30, 2005.
- “Advanced optical signal processing techniques for communications and computing,” NEC, Tamagawa Labs, Tokyo, August 24, 2005
- “All-optical signal processing: Challenges and applications,” Tokyo University, August 25, 2005
- “All-optical signal processing: Challenges and applications,” Chinese University of Hong Kong, August 26, 2005
- “All-optical signal processing: Challenges and applications,” Tsinghua University, Beijing, August 31, 2005
- “All-optical signal processing: Challenges and applications,” The Cooper Union, New York City, December 13, 2005
- Keynote Speaker at PRISM/NJCST Summit, May 20, 2005
- “Design of an avionics platform for Lockheed-Martin based on incoherent optical CDMA,” Sarnoff Symposium, Princeton, NJ, March 27-28, 2006
- “How optics has changed data communications,” 15th Czech-Slovak-Polish Optical Conference on Wave and Quantum Aspects of Contemporary Optics. Liberec, Czech Republic, September 11-15, 2006
- “The roll of optics in optical communications,” 15th Czech-Slovak-Polish Optical Conference on Wave and Quantum Aspects of Contemporary Optics. Liberec, Czech Republic, Sep. 11-15, 2006
- “OCDMA-an alternative for optical communications?” Optical Communications, OK 2005, Prague, Czech Republic, September 20-21, 2005
- “Is optical CDMA viable technique for broadband networks?,” Photonics Prague 2005, Prague, Czech Republic, June 8-11, 2005
- “Reconfigurable asynchronous incoherent OCDMA”, PI annual meeting, Chicago, IL August 2006
- Workshop on Optical and Wireless Communications Technologies & “*Princeton testbed for optical and wireless communications*”, PRISM – University-Industry Research Symposium, Princeton University, February 3, 2006

- Seminar of “*Effective Teaching Methods*”, McGraw Center, Princeton University, March 15, 2006
- “*All-Optical Signal Processing: Challenges and Applications*”, Universita Komenskeho, Bratislava, May 31, 2006
- All-Optical Signal Processing: Technologies for network Applications, Polytechnic University, New York, NY, November 30, 2006
- All-Optical Signal Processing: Technologies for network Applications, Globecom Access '06 Business Forum, San Francisco, November 29, 2006
- Concordia University, Montreal, Canada, 5th Workshop on Optimization of Optical Networks, May 8, 2008
- Princeton, NJ Workshop on Modeling and Analysis of Computer and Communication Networks, May 9, 2008
- Santa Fe, NM 2008 Workshop on Interconnections within High Speed Digital Systems. May 18-21, 2008
- Lockheed Martin, Cherry Hill, NJ Seminar presentation and research presentation. July 11, 2008
- St. Thomas, US Virgin Islands ICCCN 2008 August 3, 2008
- Baltimore, MD MIRTHE Summer Workshop, August 5, 2008
- College Park, MD Research seminar at Laboratory for Physical Sciences. October 1, 2008
- “Truly-Asynchronous, Scalable and Survivable Optical CDMA Networks with Heterogeneous QoS,” at the 2009 IEEE Lasers and Electro-Optics Society Summer Topical Meeting (LEOS), Newport Beach, CA, USA, July 20-22, 2009
- “Physical layer network security based on optical processing using compact passive devices,” OECC 2009, Hong Kong, July 2009.
- Invited panel member, “Quality of Service Performance and Switching Implementation in Optical Networks,” at AH-ICI2009, November 2009.
- “Undergraduate Studies and Research in Electrical Engineering at Princeton,” at The Lincoln School, Kathmandu, Nepal, November 2009.
- “Physical Layer Security in Data Networks using Optical Signal Processing,” 2009 ACP, Shanghai, China, November 2009.
- “*Photonic Neurons for Terahertz Pulse Processing*,” 9th International Conference on Optical Communications and Networks (ICOON 2010), Nanjing, China, October 24-27, 2010.
- “*Ultrafast optical processing and information security*,” L3 Communications Telemetry East, Bristol, PA, February 23, 2011.
- “*Ultrafast optical processing and information security*,” IEEE World Wide Security and Mobility Conference (WWSMC 2011), Princeton, NJ, July 27, 2011.
- “*Fiber optic networks technology tutorial*,” Center for Communication Research, La Jolla, CA, August 9, 2011.
- “*Lightwave neuromorphic signal processing*,” University of Delaware, Newark, DE, October 25, 2011.

- School of Engineering and Applied Science, Leadership Council Speaker, April 5, 2012.
- “*Using technology to protect our information infrastructure*,” The Lotus Club, April 27, 2012.
- “*Photonic Neuromorphic Signal Processing and Computing*,” 2012 International Workshop on Information Physics and Computing in Nano-scale Photonics and Materials (IPCN), Orleans, France, September 7, 2012
- “*Photonic neuromorphic spike processor for ultrafast and low energy cognitive computing*,” Bell Labs/Alcatel-Lucent Green ICT Summit, Murray Hill, NJ, USA, January 2013
- “*Photonic neuromorphic spike processing for ultrafast cognitive computing*,” IEEE North Jersey Section Computer Chapter and Signal Processing Chapter, Teaneck, NJ, USA, September 2013
- “*Integrated photonic spike processing*,” Sandia Labs Beyond Moore Device Physics Workshop, Albuquerque, NM, USA, January 2014
- “*Photonic spike processing*,” Neuro-Inspired Computational Elements Workshop, Albuquerque, NM, USA, February 2014
- “*Lightwave neuromorphic processing*,” AFCEA C4I Technology Review Days, Utica, NY, USA, June 2014

Professional Societies:

- Rudolf Kingslake Medal and Prize, SPIE, for the most noteworthy original paper in Optical Engineering, 1990
- Fellow of the IEEE (January, 1992)
- Fellow of the OSA (February, 1997)

Academic Societies and Awards:

- Phi Beta Kappa (Alpha of Maine Chapter, 1973)
- Citation for Outstanding Achievement, School of Engineering and Applied Science, Columbia University 1976)
- Eta Kappa Nu (Gamma Lambda Chapter, 1978)
- Sigma Xi (Kappa Chapter, 1979)
- Gold Medal Award from the Faculty of Mathematics, Physics and Informatics at the Comenius University, for leadership in the field of Optics 2006
- Princeton University Graduate Mentoring Award 2006
- E-Council Excellence in Teaching for ELE 203 Fall 2006
- E-Council Excellence in Teaching for ELE 454 Spring 2008
- Walter Curtis Johnson Prize for Teaching Excellence June 2009
- School of Engineering and Applied Science Distinguished Teacher Award, June 1, 2009
- Awards for undergraduate research in my lab:
 - Bryan Bosworth '09 received the Peter Mark Prize from the EE Department at Class Day, June 2009, for the “best undergraduate research” in the area of electronic materials and devices.
 - John Chang '10, J. Rich Steers Award from the New York City Post of the Society of American Military Engineers, December 2009
- Honored by Shirley Tilghman at the event “Celebrate Princeton Invention”

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
