Declaration from Santa Clara University

I, Rice Majors, declare:

1. I am an Associate University Librarian at Santa Clara University Library ("SCU Library"). I am familiar with the SCU Library system and practices, including the SCU Library's online catalog and SCU Library's policies and procedures regarding the receipt, indexing, and availability of books and periodicals.

2. According to SCU Library's policies and procedures, library materials have been indexed in the online catalog (from 1992 to the present) and are made freely available to employees and students of Santa Clara University, and may be used in the library building by members of the general public. The SCU Library catalog is searchable by subject, author, and title (since 1992) and by keyword (since the mid-1990s).

3. The SCU Library holds a copy of a publication by Tanenbaum, Andrew S., Computer Networks. Prentice Hall PTR, Third Edition (1996) ("Tanenbaum"). The SCU Library ordered this title on August 9, 1996.

4. When a monograph is received and cataloged by the SCU Library, the date of cataloging is set and retained in the catalog record. The catalog date ("Cat Date") for Tanenbaum is November 1, 1996 (see Exhibit A). The volume would have been available for use within a few weeks of that date.

I declare under the penalty of perjury that I understand that willful false statements and the like are punishable by fine or imprisonment, or both under Section 1001 of Title 18 of the United States Code and may jeopardize the validity of the application or

any patent issuing thereon. I declare that all statements made of my knowledge are true, and that all statements made on information and belief are believed to be true.

Executed on January 24, 2017 at Santa Clara University, Orradre Library, Santa Clara, CA 95053

Rice Majors

Associate University Librarian for Resources & Digital Services
