## I. STATEMENT OF RELIEF REQUESTED

Pursuant to 35 U.S.C. § 317(a), Par Pharmaceutical, Inc. (“Par” or “Petitioner”) and Horizon Therapeutics, LLC (“Horizon” or “Patent Owner”) jointly move that the Board terminate this *inter partes* review (IPR) proceeding, which is directed at U.S. Patent No. 9,326,966 (“the ’966 patent”), in its entirety as a result of settlement between Petitioner and Patent Owner. *See* Ex. 2058 (Confidential).

The parties are concurrently filing a separate request that the settlement agreement (Ex. 2058) being filed herewith be treated as business confidential information and be kept separate from the files of the involved patent, pursuant to 37 C.F.R. § 42.74(c).

## II. STATEMENT OF FACTS

Petitioner filed this IPR petition on July 13, 2017. On November 6, 2017, Patent Owner filed its Preliminary Response under 37 C.F.R. § 42.107. The Board issued a decision instituting *inter partes* review on January 30, 2018. On May 9, 2018, Patent Owner filed its Patent Owner Response, and on August 16, 2018, Petitioner filed its Reply. On September 5, 2018, the Board granted Patent Owner’s request for a sur-reply, which deadline is currently suspended pending the Board’s decision on further briefing from the parties regarding evidence in said

sur-reply. *See* Paper Nos. 37, 38. Oral argument, if requested, is currently set for December 14, 2018. *See* Paper No. 28.

On September 17, 2018, Petitioner and Patent Owner entered into a settlement agreement. *See* Ex. 2058 (Confidential). Under the terms of the settlement agreement, the parties agreed to jointly seek termination of IPR2017-01769 as well as related *inter partes* reviews IPR2017-01767 and IPR2017-01768, and the parties agreed to dismiss related district court litigation, *Horizon Therapeutics Inc. v. Par Pharmaceutical Inc.*, Civil Action No. 1:16-cv-03910-RBK-JS (D.N.J. filed June 30, 2016). Thus, this settlement agreement resolves all currently pending Patent Office and District Court proceedings between the parties involving the '966 patent and related U.S. Patent Nos. 9,095,559 (“the '559 patent”) and 9,254,278 (“the '278 patent”).

On September 21, 2018, per the request of the parties, the Board authorized the parties to file the instant joint motion to terminate the proceedings by no later than October 4, 2018. *See* Paper No. 41. Accordingly, no oral argument has been held and the Board has yet to issue a final decision in this matter.

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
