Ranch,
Thanks, I suggest you get in touch with our team that would be onsite at ONUG next week. Copying Samantha and Chandro who would be there. I think it is too late to make changes for ONUG but please engage with them onsite and see if there is anything interesting.
Lets touch base after the event
Liad

Liad

No problem. We can talk next week. Please suggest a time.

I wanted to check with you if there was something that you would like us to demo on our Cisco routing underlay next week. Our test bed involves multiple Cisco routers and we can add some specific functionality or a Cisco application if you like.

I can chat with you to figure this piece out.

Thanks

Sanch

Sanch
I am sorry for the last minute change, but couple of people which I wanted to attend the session can't attend due to a last minute customer activity

Can we move it to next week
Liad

Hello Liad

It was a pleasure talking to you. As discussed, I am sending an invite for Thursday 9am PT to discuss ONUG demo.

Look forward to talking to you then.

Regards
