# MAP-21 Overview

## MAP-21 is a Strong Safety Bill

The Moving Ahead for Progress in the 21st Century Act (MAP-21) provides FMCSA with important new enforcement tools to take unsafe operators off of our roads.

MAP-21 tracks FMCSA's strategic framework to improve CMV safety by supporting its three core principles:

- Raise the bar to enter the industry and operate on our roads
- Hold motor carrier and drivers to the highest safety standards to continue operations; and
- Remove the highest risk drivers, vehicles, and carriers from our roads and prevent them from operating.
