MISSION STATEMENT

Unified Patents, overall mission is to become the world's premier solution for helping both large and small companies manage the risks and costs associated with Non-Practicing-Entity (NPE) litigation.

Unified Patents' Micro-Pool strategy is designed to protect the investments that companies are making in key technologies that are vulnerable to NPE liability.

"We provide a comprehensive solution of offense and defense to protect our member's most important technology investments."

- Kevin Jakel, CEO
