of Unified's IPR petition against US Patent 9,043,093, unpatentable.

The Acacia Research Corp. subsidiary has asserted the patent, which relates to single side curtain airbag for vehicles against a number of automotive companies including Honda, Nissan, Toyota and Hyundai. The infringement case is currently stayed in the Eastern District of Michigan.

Red River Innovations in a Drought as Patent Looks Invalid

Congratulations to our contest winner Rajesh Singh, who won \$2000 for his prior art submission. The Red River Innovations patent, relating to information processing on a computer, was previously named EFF's "Stupid Patent of the Month" and has been asserted multiple time in district court. Thank you to the other quality submissions. Be sure to check out our other contests for your chance to win! [Review winning prior art here.](#)
