-OmniRemote FAQ

Questions? Check out the list of answers to [OmniRemote questions!](#)

-OS3.0 upgrade card?

OmniRemote supports the IR on 3Com's OS3.0 upgrade card! If you have a Pilot with OS3.0, [download](#) a free eval version and give it a try.

[For more information on OmniRemote, click here.](#)

Welcome!

We're glad you found us. Pacific Neo-Tek prides itself on creating (among other things) cool and useful accessories for 3COM's Palm Pilot PDA.

You may have heard about our premier product, [OmniRemote](#), which turns your Pilot into a supercharged universal IR remote control, complete with macros and timers, but there is much more for you to discover. Check out our products page for a complete listing of accessories you and your Pilot just can't live without.

By all means, if you have any questions, [let us know](#).

OmniRemote- Product of the Year 1998
