# Sirius XM Holdings

From Wikipedia, the free encyclopedia  
(Redirected from [Sirius XM radio](#))

**Sirius XM Satellite Radio** is an American [broadcasting](#) company that provides three [satellite radio](#) and [online radio](#) services operating in the United States: [Sirius Satellite Radio](#), [XM Satellite Radio](#), and Sirius XM Radio. The company also has a minor interest in [SiriusXM Canada](#), an affiliate company that provides Sirius and XM service in [Canada](#). At the end of 2013, Sirius reorganized their corporate structure, which made Sirius XM Radio Inc. a direct, wholly owned subsidiary of Sirius XM Holdings, Inc.<sup>[4]</sup>

Sirius XM Radio was formed after the U.S. [Federal Communications Commission](#) (FCC) approved the acquisition of XM Satellite Radio Holding, Inc. by Sirius Satellite Radio, Inc. on July 29, 2008, 17 months after the companies first proposed the merger.<sup>[5]</sup> The merger brought the combined companies a total of more than 18.5 million subscribers based on current subscriber numbers on the date of merging.<sup>[5]</sup> The deal was valued at \$3.3 billion, not including debt.<sup>[6]</sup> Through Q2 2017, SiriusXM has more than 32 million subscribers.<sup>[7]</sup>

The proposed merger was opposed by those who felt a merger would create a monopoly. Sirius and XM argued that a merger was the only way that satellite radio could survive.<sup>[8]</sup>
