**Attachments:** PETERSON000049.pdf; PETERSON000048.pdf

Cole –

We are going to seek authorization from the Board to file a motion to submit as supplemental information the two documents we produced to you all last week right after we got them. These documents (PETERSON000049 and PETERSON000050) are attached. These were recently produced by Dr. Peterson in the *Implicit v. NetScout* and *Implicit v. Sandvine* cases.

Dr. Peterson is scheduled to get deposed in those cases on Monday, March 11, 2019 at Guy Colville & Dippel LLC, 1309 East Broadway, Tucson, Arizona 85719.

Mr. Fiuczynski is scheduled to be deposed in those cases on Monday March 25, 2019 at Guy J. Renzi & Associates, Inc., Golden Crest Corporate Center, 2277 State Hwy 33, Suite 410, Trenton, NJ 08690.

We will also seek authorization to submit any deposition testimony from these witnesses regarding the subject matter of the attached documents.

Please let us know if Sonos will oppose the motion.

Thanks,

Christian

Cole –

Yesterday, in response to a subpoena for documents in the *Implicit v. NetScout* and *Implicit v. Sandvine* cases, a third party (Dr. Larry Peterson) produced a number of emails and attachments.

Some of the documents may touch on the technology of the audio-video synchronization patents. I have uploaded those documents here to produce to Sonos: [https://www.dropbox.com/sh/purgpoh294riy23/AAANnIB\\_wyO-QfPBarKthO0da?dl=0](https://www.dropbox.com/sh/purgpoh294riy23/AAANnIB_wyO-QfPBarKthO0da?dl=0)

Let me know if you have any trouble accessing these.

Thanks,

Christian
