Subject: Sonos, Inc. v. Implicit, LLC, IPR2018-00766 and IPR2018-00767, Authorization to File Unopposed Motion to Reschedule Oral Hearing Date

The Honorable Board –

Patent Owner Implicit LLC requests authorization to file a motion to reschedule the oral hearing date, scheduled for June 17, 2019 at 1:00 PM Eastern Time.

Implicit would propose to reschedule the oral hearing for a date early in the week of July 1, 2019 or any day the week of July 22, 2019. Petitioner Sonos does not oppose these requested dates.

The basis for the request is that both Implicit's lead and backup counsel have a pretrial conference (and dispositive motion hearing) in the Eastern District of Texas set for June 17, 2019 at 9:00 AM Central. The cases are *RMail v. Adobe*, *RMail v. DocuSign*, and *RMail v. RightSignature*. The lead case is 2:10-cv-258 (E.D. Tex.). Counsel recently became aware of the conflict.

The parties are available for a conference call Wednesday, May 29, 2019 in general, Thursday, May 30, 2019 between 11:00 AM to 12:00 PM Eastern; and Friday, May 31, 2019 in the morning.

Regards,

Christian
